VOL. 57—NO. 250

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, OCTOBER 19, 1923

TWELVE PAGES—THREE CENTS

WET FORCES ARE GIVEN JOLT BY UNCLE SAM

NUMEROUS ARRESTS MADE FOR ALLEGED BRIBE CONSPIRACY

Charged Plot Existed to Flood Several Eastern States with Wet Goods—Numerous Suits Are Filed—Stated That a Shocking and Sensational State of Affairs Exists

(By the Associated Press)
NEW YORK, Oct. 18.—The federal government today fired a double-barreled charge into wet forces alleged to be drenching New York and New Jersey with illicit liquor. With one charge federal agents, working under direct orders from Washington, brought down a bag of eleven conspirators, who were rounded up in the Hotel Pennsylvania and elsewhere. They are alleged to have been using \$80,000 to bribe prohibition agents not to stop the brewing of real beer in New Jersey, not to interfere with the converting of industrial alcohol into strong liquor, and to block the flooding of New York and New Jersey with beer from rival vats in Pennsylvania.

With the other barrel, the government fired a broadside into the first of several thousand saloonkeepers alleged to be running wide open in New York City since the repeal of the state prohibition enforcement law.

LEGION TO MEET IN ST. PAUL FOR NEXT ASSEMBLY

Much Time Spent in Discussing Various Resolutions

(By the Associated Press)
SAN FRANCISCO, Cal., Oct. 18.—St. Paul was selected for the sixth annual convention of the American Legion in 1924 by the legion convention here today.

Paris, France, was recommended as the convention city in 1928, on the tenth annual anniversary of the signing of the armistice.

A verbal tittle over pro-Ku-Klux Klan and anti-Klan resolutions, in which the press of the country was charged with trying to split the American Legion over the Klan question, raged for several hours at the fourth day's session of the fifth annual American Legion convention here, resulting in the adoption of the "Michigan" anti-Klan resolution which avoids using the name of the hooded order.

A total of 933 delegates made it known that while the legion objects to the Klan order, it will not denounce it thru a resolution which calls a spade a spade. With equal force it voted down a resolution the Oklahoma delegates introduced to offset a denunciatory resolution offered by Chas. F. Kendrick of San Francisco.

Vote on Resolution

The resolution which was carried by a roar of "ayes" to the cry of a score of "noes" was as follows:

"Resolved, by the American legion in national convention assembled that we consider any individual, group of individuals, or organizations, which creates or fosters racial, religious or class strife among our people or which takes into their own hands the enforcement of law, determination of guilt or infliction of punishment, to be un-American, a (Continued on Page 4)

DOMESTIC COAL IS HANDLED ON LARGE MARGINS

Commission Says Coal "Scalped" Enroute to Consumer

(By the Associated Press)
WASHINGTON, Oct. 18.—Tracing of the shipments thru distribution channels on its way from the mines to consumers, the federal trade commission has found a number of instances in which domestic coal was handled on an unusually large profit margin and also was "scalped" or passed from hand to hand with added profits enroute.

The first of a series of weekly reports on the subject issued today covered findings from whole sales reports for week ending September 22. The study was made, the commission said at the direction of President Coolidge.

A wholesale margin of 25 cents a ton on coal handled, the commission concluded, was "rather generally recognized in the industry," while margins of 75 cents or more a ton were said to be "the result of wholesalers charging what the traffic will bear."

Taking all the domestic coal handled during the week ending Sept. 22, the report continued it was found that 9.8 per cent had been handled on a \$1 per ton margin.

As to 17 per cent of the coal the wholesaler had taken 75 cents per ton, while 36 per cent was handled for a charge of 50 cents per ton, and 31 per cent moved at a margin of 25 cents per ton. The wholesalers moved all of these shipments, the report said without physically handling the coal.

WITNESS TESTIFIES LITERATURE MAILED PROSPECTIVE BUYERS

Case Against Dr. Cook and Co-Defendants Now in Court

(By the Associated Press)
PORT WORTH, Texas, Oct. 18.—Mrs. Virginia Brown of Fort Worth, formerly an employee of the Petroleum Producers' association of which Dr. Frederick Cook was president testified today in federal court here in the trial of Cook and his 13 co-defendants charged with using the United States mails to defraud, that some weeks 300,000 pieces of literature were sent out to prospective buyers of the association's stock.

Mrs. Brown said that she was supervisor of the mailing division of the Petroleum Producers' association and that on an average about 15,000 letters were sent out each week. She asserted that at one time 53 girls were employed in the mailing division.

P. W. Winberry, head of the Wimberly Advertising Agency of Fort Worth also took the stand this afternoon. He testified that he handled much of the advertising of Cooks and other of the defendants companies. Practically all of the advertising issued either by the Petroleum Producers' association or the other companies was approved by Dr. Cook, he said.

Other witnesses called to the stand by the government were Oscar Cole, farmer of Nevada, Iowa, and T. J. Thompson also a farmer of Story City, Iowa.

CURRENT AFFAIRS OF WORLD REASSURING

HARRISBURG, Pa., Oct. 18.—Presenting an optimist's birds-eye view of business conditions and prospects, Governor Rittsinger of the reserve bank told the members of the Pennsylvania State Chamber of Commerce today that current affairs of the world contain a decided preponderance of elements that are reassuring to that great majority of the people who do not expect and who do not want either a millennium or a revolution. He added however, that that "extricable" mixture of politics with efforts at economic rehabilitation provided serious differences and stated that otherwise would stand as unsurpassed record of world economic revival.

THREE OF CREW DROWN

Mobile, Ala., Oct. 18.—Three members of the crew of the American Schooner Bluefields from Mobile to Tampa, Fla., with lumber were drowned in the hurricane of the past three days in the gulf. The vessel was wrecked 10 miles west of Pensacola, Fla., according to news received by the owners. The dead are First Mate Nekieks and three seamen.

GOVERNOR'S CONFERENCE TAKES UP NATIONAL PROBLEMS

(By the Associated Press)
WEST BADEN, Indiana, Oct. 18.—Agriculture, prohibition, penal reforms and uniformity of state legislation were considered today, by the fifteenth annual government's conference, here to discuss national problems. While the formal morning sessions today were given over exclusively to agriculture, the prohibition enforcement was the overshadowing topic of discussion among the governments. Announcement of a move by several executives including Gifford Pinchot, of Pennsylvania; P. E. Baxter, of Maine, and W. E. Sweet of Colorado, to prepare a memorial to the people of the country urging intensified enforcement activity, put that issue squarely before the conference. Sponsors of the movement declared tonight that when the governors meet with President Coolidge in Washington Saturday the views of the conference here would be presented in definite form for the consideration of the chief executive.

The first session today, presided over by Governor J. M. Dixon, of Montana, was devoted to a paper on wheat marketing and finance by Governor R. A. Nestos of North Dakota, in which he urged immediate relief measures by the federal government for the exclusive wheat farmer, and an address by Governor John M. Parker, of Louisiana, on agriculture problems, with particular reference to those of the southern states.

The afternoon session considered executive clemency, pardons and paroles, convict labor and uniform legislation. In opening the discussion on legislative clemency, Governor Sweet of Colorado staunchly defended the parole system, condemned retributive punishment and defined the obligation of penal institutions to encourage inmates to resume normal social status.

Friday's session of the conference will be devoted to the problem of water power development, in which Government Pinchot will lead, and railway valuation over which Governor Haine of Wisconsin will preside. Shortly after the noon the state executives will leave on a special train for Washington.

TO SHARE PROFITS FARMERS MUST TAKE CHARGE OF BUSINESS

Says Farmers Should Have Better System of Marketing

(By the Associated Press)
SPRINGFIELD, Ill., Oct. 18.—The time has come for farmers of the United States "to take charge of their own business and obtain a fair share of the profits from that business," James C. Stone, president and general manager of the Burley Tobacco Growers' Cooperative association, said in an address here tonight. Mr. Stone spoke to business men, wheat growers and farm bureau representatives.

He declared that until the farmer organizes, "as almost all other businesses, trades, and professions are organized, he cannot hope for stable prices for his product nor to have anything to say as to what those prices shall be."

The cooperative marketing idea could be applied to the selling of wheat as successfully as it had been applied to the marketing of burley tobacco, he said.

The remedy for low prices for farm products lies in the adoption of a "sane, sensible, business-like merchandising system of marketing your product and it will solve the problem of the wheat growers just as it has solved the problem of the tobacco growers, the prune and raisin growers, the citrus growers of California, the dairymen of Denmark, who have made a success of their business, because they merchandised instead of dumping their products," Mr. Stone said.

SINKING OF STEAMER CAUSES TWO DEATHS

(By the Associated Press)
NEW YORK, Oct. 18.—At least two persons were drowned in a northeast storm which struck the fishing steamer Halcyon of New York two miles off Coney Island this afternoon sinking the vessel, and catching several motor boats which put out to her assistance. The fate of the motor boats late this afternoon remained unknown.

John VanKlee, captain of the Halcyon and his engineer were lost when the life boat in which they put off was capsized. Two other members of the crew and 13 passengers who took to another life boat were rescued by the fishing schooner Decoma.

The Halcyon was engaged in the excursion trade taking passengers to the fishing grounds.

PLANT IS CLOSED BY FEDERAL JUDGE

(By the Associated Press)
CHICAGO, Oct. 18.—Federal Judge Wilkerson today signed an injunction to close the plant of the Ottawa Products company of Ottawa, Illinois for one year, beginning Nov. 1. The judge instructed the district attorney to draw up a similar order to close the Elgin Ice and Beverage company of Elgin, in deicting that the latter decree would be effective October 29.

The injunction orders are based on testimony previously heard of shipments of beer from the plants of the two companies.

COMMITTEE EXPECTS TO GIVE REPORT TO LEGISLATURE SOON

Additional Evidence in Case Received Causing Delay

(By the Associated Press)
OKLAHOMA CITY, Okla., Oct. 18.—The report of the house committee investigating impeachment charges against Governor J. C. Walton will be presented to the lower house of the state legislature Monday, it was announced tonight by Representative Disney of Muskogee, chairman of the committee.

On making the announcement Representative Disney declared that plans to submit the report tomorrow had been upset by much additional evidence called to the committee's attention.

"We have received 'more evidence than we ever dreamed of,' he declared. 'We feel that the public is entitled to as much information as may be obtained and many important witnesses yet have to be heard.'"

The report automatically will become a bill of impeachment if the house adopts it. A majority vote is necessary. The senate then would have to decide whether the evidence is sufficient to bring the governor to trial.

No less than 12 specific charges against the executive, any one of which would be grounds for impeachment if proven, will be reported by the committee, Representative Disney declared.

The investigating committee is holding joint sessions in order to complete its work.

ONE DEAD, FOUR HURT FROM MOLTEN METAL

(By the Associated Press)
SHARON, Pa., Oct. 18.—When a ladle containing fifty tons of molten steel upset at the open hearth furnace of the Farrell Plant of the Carnegie Steel Company tonight one man was killed and four others badly burned, two probably fatally.

Claude F. Femelee, of Farrell was burned to death and Clayton Fisher of Sharpsville, John Hobler of Trout's Corner, Robert Phillips of Wheatland and Theodore Brown of Farrell were burned.

Hobler and Fisher are not expected to live. It is believed that a huge hook holding a side of the container slipped. Femelee was operating a crane over the ladle and molten metal was splashed over his entire body.

PREDICTS M'ADOO WILL HEAD TICKET

WASHINGTON, Oct. 18.—Senator King, Democrat, Utah, today predicted that William G. McAdoo would head the Democratic national ticket next November and Charles E. Hughes the Republican.

The Republican convention he said will be committed to an endorsement of the administration and "in looking around for something to endorse it will find only the disarmament conference, the work of Secretary Hughes."

DEEP WATERWAY PROPOSITION IS AGAIN DEBATED

Committee is Deeply Impressed by Evidence Presented

(By the Associated Press)
LASALLE, Ill., Oct. 18.—The pollution of the Chicago river in the vicinity of the stock yards will be the subject of a searching inquiry by the special senatorial committee now taking testimony on the good and bad points of the McCormick bill that would authorize a deep waterway from Chicago to New Orleans.

Senator Medill McCormick issued a statement to this effect tonight. The statement said the evidence presented to the committee in Chicago and in the river cities where the committee has stopped today, has profoundly impressed the members of the committee. The members are favorably disposed to the purpose of the McCormick bill.

There are certain conditions however about which further searching inquiry will be made. The first of these is the great volume of industrial waste or sewage poured into the canal from the Chicago stock yards. The members of the committee have been told that a very few firms contribute ninety percent of the total volume of this pollution.

Has Rainy Trip

The committee had a rainy trip from Chicago to LaSalle stopping at Lockport to inspect the locks and at Joliet for dinner given in honor of the senators by the Joliet association of commerce and then hurrying on by trolley car to LaSalle.

A stop was made at Morris where several hundred people had gathered to welcome the committee.

Here Senator Brookhart in addressing the gathering disgressed from the subject of waterways to that of cooperative banking. He told the audience that Wall street had tried to financially pinch Henry Ford in 1920 after a meeting of Governors in Washington on May 18 of that year. He said that at this meeting the governors had outlined a plan of procedure for the financial interests to pursue and had agreed to keep it secret until the time was opportune to put it into effect.

Interests Knew Plan

"However," he said, "the monied interests knew of the plan and when Ford tried to borrow \$75,000,000 in New York to protect himself the money was not forthcoming. Ford weathered the storm and then established a Little Wall street of his own. That is what every miner and farmer should do by utilizing the benefits of the cooperative banking systems. Make yourselves secure now so that Wall street cannot pinch you no matter what they do."

Later the committee stopped to inspect the newly constructed lock at Marseilles and tonight attended a dinner given them by the LaSalle Chamber of Commerce. They will leave tomorrow morning by rail for Peoria where hearings of the committee will be resumed.

ARGUMENT FINISHED IN TELEPHONE CASE

(By the Associated Press)
CHICAGO, Oct. 18.—Arguments for and against the petition for a temporary injunction asked by the Illinois Bell Telephone company against the Illinois Commerce Commission to restrain the latter from enforcing its recent order reducing telephone rates in Chicago were finished today before Federal Judges Evan A. Evans, George T. Page and James H. Wilkerson.

The court ordered the city and the commission to file briefs within three weeks while the telephone company was ordered to file its brief within four weeks.

AWARDED BIG PRIZE

San Francisco, Oct. 18.—Zane Irwin Post Band of San Francisco today was awarded the \$1,000 first prize in the American Legion Band contest. Monday Post band of Sioux City, Iowa, which captured first place in the 1922 New Orleans convention was second.

OFFICER EXONERATED

Pana, Ill., Oct. 18.—A coroner's jury tonight returned a verdict exonerating Policeman George W. Fisher in connection with the death of John Overbeck of St. Louis, who was shot in a fight with the officer on a Chicago & Eastern Illinois train here today.

STRESEMANN'S NEW CABINET IS FACED BY SERIOUS CRISIS

Saxony Continues Defiant—Bavaria Severs Diplomatic Relations with Saxony—Coalition Cabinet May Have to Use Dictatorial Authority Granted in Emergency Measure

(By the Associated Press)
BERLIN, Oct. 18.—With the situation in the Ruhr and Rhineland rapidly approaching a condition of acute social and economical crisis, with Saxony's socialist-communist ministry continuing its defiance of the central government, and with Bavaria having severed diplomatic relations with Saxony, Chancellor Stresemann's coalition cabinet is confronted with issues which will afford it an early opportunity to make use of the dictatorial authority voted it by the reichstag in the emergency power bill.

While these are the outstanding issues which harbor elements of immediate danger, the internal situation in its entirety especially with respect to the financial catclysm toward which all classes of the population are heading thru the further depreciation in the value of the mark, is automatically constituting itself a contributory factor which is destined to have a decisive bearing on the further course of events.

With the dollar soaring around the nine billion mark notch today a new period of price chaos set in, and with it the government's helplessness with respect to the adoption of speedy reformatory measures became more emphasized.

The social situation growing out of the complete work of the nation's economic structure is making the socialist party restive, in that it apparently no longer is able to cope with the clamor of the masses, whose cause is being espoused by the more militant communists.

Communists Named

Since the German bolsheviks joined in the formation of the Saxon ministry, the previously existing line of cleavage has become considerably blurred and there is an insistent demand in the ranks of the Berlin socialists that the central government forthwith assume a more conciliatory attitude toward premier Zeigler and his red Saxon regime.

By way of laying stress on its defiance of the Berlin government, the Saxon government today announced the appointment of two rabid communists, Herr Boettcher and Herr Peckert, as Saxony's delegates to the federal council.

LEADERS MAY DECIDE TO IGNORE GOV. WOOD

(By the Associated Press)
MANILA, Oct. 18.—In view of the Washington administration's renewed pledge of full support to Governor-General Leonard Wood in his regime in the Philippines, there is much speculation here as to how far the legislature will go toward carrying out its announced policy of non-cooperation.

Leaders in the legislature and of the coalitionist party announced before the legislature convened Tuesday it was proposed to ignore governor-general Wood's message insofar as its recommendations were concerned saying that under the Jones law he had the authority to submit anything except a budget. Later, it was announced that legislation would be enacted which it was known the governor general would veto as a means of making a test of the Jones law.

TWO HURT WHEN AUTO IS STRUCK BY TRAIN

(By the Associated Press)
PANA, Ill., Oct. 18.—H. D. Lysinger, a newspaperman of Springfield, Ill., and Benjamin Bruns, a farmer, were probably fatally injured near here this afternoon when an automobile in which they were riding was struck by a Chicago & Eastern Illinois freight train. The men were taken to a local hospital.

SOUTHERN CITY IS DESTROYED BY FIRE

JOHNSON, CITY, Tenn., Oct. 18.—Fire of undetermined origin consumed practically the entire business district of Bakersville, N. C., today, according to reports just received here. The flames were fanned by a strong wind and ate rapidly thru the town where rain has not fallen for some weeks. The town has no water system or fire protection and it is reported that one of the buildings were insured.

HOMAGE PAID AT LINCOLN'S TOMB BY EX-PREMIER

Speaker Says Martyred President One of Greatest Men

(By the Associated Press)
SPRINGFIELD, Ill., Oct. 18.—David Lloyd George came here today and paid homage to the memory of Abraham Lincoln.

With a bare head, heedless of a cold driving rain, the wartime premier of Great Britain approached the monument and entered the tomb of the martyred president where he placed on the sarcophagus a wreath with his card bearing the words:

"A humble and reverent homage to the memory of one of the world's greatest men."

Accompanying him were Dame Margaret and Miss Megan Lloyd George as well as members of the official reception committee.

Standing with head slightly bowed below the sarcophagus and for a moment in deep reverie the man who also has known the pressure of greatest responsibilities in time of war said half audibly as if speaking to himself rather than those about him:

"This is the greatest man grown up on the American continent. He is growing, too;—oh, yes, he grows."

I've just been reading about the time he had. I read one of the most recent ones about two years ago. It was rather on account of the troubles he had in the war with Generals and politicians. They were worse than mine."

Places Wreath

The wreath was placed on the top side of the sarcophagus just above one standing in front and placed there several months ago by President Coolidge when he was vice-president.

Before going to the tomb, Mr. Lloyd George visited the Lincoln Home near the center of the city.

Mr. Lloyd was shown about the house by Mrs. Mary Edwards Brown, a grand niece of Mrs. Lincoln, and signed the register and inspected a number of interesting articles connected with Mr. Lincoln's life before entering the tomb.

Returning to his hotel, Mr. Lloyd George prepared to attend a public dinner tonight and later to depart for St. Louis.

Mr. Lloyd George was officially welcomed to the state tonight by Governor Small at a public dinner in the Leland Hotel.

Speaking of the distinguished visitor, the governor said that "this has been a courageous life of service to his country and to his fellow men, as was that of our martyred president."

The Address

In his address, Mr. Lloyd George said:

"I have come here today with one purpose and one purpose only—to pay my humble and (Continued on Page Four)

A THOUGHT
What are these wounds in thine
hands? Then he shall answer,
Those with which I was wounded
in the house of my friends.—Zech
13:6.

Animals are such agreeable
friends—they ask no questions.
They pass no criticisms.—George
Elliot.

Lloyd George is certainly a
generous fellow, to talk so much
for nothing when he can get \$7
a word for putting his ideas into
writing.

The hard road connecting Jack-
sonville and Springfield is now a
reality. No detour is necessary

and the last stretch of road was
opened to traffic yesterday. The
completed highway will benefit
both cities as well as the towns in
between.

**THE MESSAGE OF
DAVID LLOYD GEORGE.**
The people who heard Right
Hon. David Lloyd George in his
Springfield address listened to
the type of eloquence that they
expected from the forceful Welch-
man, who from humble beginning
rose to the most important place
in the British Empire. His oratory
is not of the fervid or bombas-
tic type. His language is simple,
his diction perfect.

The life and character of Lin-
coln affords a great theme yet
with its difficulties of presenta-
tion because so often the theme
of public speakers. The English
statesman emphasized anew that
Lincoln belongs to the ages, as he
pointed out how application of the
Lincoln philosophy is the great
need of Europe.

He said that the doctrine of
the pagan world was "woe to the
conqueror," and contrasted it
with Lincoln's doctrine "re-
concile and vanquish." Then he
went on to say:

"It is a time for remembering
that vengeance is the justice of
the savage, and that conciliation
is the triumph of civilization or
barbarism. Lincoln is the finest
product in the realm of states-
manship of the Christian civiliza-
tion and the wise counsel he gave
to his own people in the day of
their triumph he also gives today
to the people of Europe in the
hour of their victory over the
enemies that menace their liber-
ties."

There was running thru the ad-
dress, in which there was no mis-
placed word, the suggestion that
America may yet have part in
smoothing out the troubles of the
old world, and Mr. Lloyd George
openly declared his belief that
the time is coming when the U.

Fred Mitchell of Waverly was
visiting relatives in the city on
Thursday.

WE STOP AT CROSSINGS.
Discussion of grade crossing
accidents may become tedious to
such few persons as never drive
and even to motorists who have
never been in an accident. But
it must continue until the
menace has stopped.

The fact that in 1922 there
were 9,021 persons killed in
grade crossing accidents in the
United States and more than
25,000 others were injured is
evidence enough of the serious-
ness of the situation. In spite
of safety activities it is said that
such accidents are on the increase.
A county in Indiana is leading in
a movement which includes or-
ganizations in Indiana and Chi-
cago. It was roused to action
by 59 crossing deaths and 159
injuries suffered within that
county in the first nine months
of this year. Among the
victims were the coroner's wife,
daughter and son.

As a first step the safety
workers are co-operating with
the railroads in the installment
of more effective danger warn-
ings such as crossing bells,
swinging target signs and
similar devices. At the same
time that they work for the ade-
quate warning of motorists, they
work for a better spirit of co-
operation and self-protection
among drivers, bringing before
them the necessity of stopping
before they cross any tracks
anywhere. Business men carry
on their letterheads the state-
ment, "We stop at railroad cross-
ings and boulevards—Do you?"

In the county referred to there
are 300 grade crossings, ex-
clusive of switch tracks and
spurs. Local drivers usually
know where these are, but travel-
ers from other counties or other
states are frequently caught in
the maze. And of course there
is always the danger of the
special train, or the train off its
schedule, catching the local
motorist who imagines himself
familiar with the crossing.

YOUR ENDURANCE
A nine-year-old Indian boy got
lost in the dense woods near The
Pas, Manitoba, Canada. He wan-
dered for 17 days, covering at
least 100 miles of wilderness,
never seeing a man. Then he was
found and rescued by a party of
hunters.

During the 17 days, he had to
fight nature face-to-face to keep
alive, for when he got lost he had
neither food nor supplies of any
kind—not even a pocket knife.
He made a bow-and-arrow.
Killed enough game to keep alive.
Now, the bow-and-arrow is obso-
lete with the Indians of the lad's
tribe, except as playthings, the
high-power rifle having taken its
place.

But if he hadn't known how to
make a bow-and-arrow outfit,
he'd have perished. Knowledge
often seems worthless—until
emergency. That's what knowl-
edge is really for, after all—
emergency. The more education
the better.

Another instance of the human
body's power of endurance: In
Canton, Ohio, P. H. Hassan fell
into a pool of warm asphalt. He
couldn't get out. Struggled until
he was exhausted. This was in
the evening.

When rescuers found him the
next morning, the asphalt had
fused into a solid block. Hassan
was firmly imbedded, only his
head and right arm showing.
They had to chop him out. A
terrible experience. But he lives,
apparently none the worse for his
experience.

The cases of Hassan and the
lost Indian boy illustrate how dif-
ficult it is to extinguish the life
spark. Man fights hard, can en-
dure almost anything, when death
threatens him.

**CARD PARTY GIVEN
AT FRANKLIN HOME**
Mrs. H. V. Lukeman entertain-
ed at "500" Wednesday afternoon
at her spacious country home in
honor of Mrs. Homer Huggins of
Quincy who is visiting relatives
here. The guests were Mesdames
W. A. Ryan, Jno. Ryan, O. E.
Ryan, J. E. Miles, J. B. Sears,
Chas. McLamar, E. L. Doyle, L.
Leadill, D. Kenney, Joe Zellar,
Chas. Watts, Elmer Beerup, J. E.
Sinclair, J. Ryan, F. G. Turley, F.
Harmon, Mrs. Jerry Ryan and
Miss Wanda Huggins. The prize
winners were Mrs. H. Leadill and
Mrs. Dr. Elmer Beerup. The guest
prize was won by Mrs. Homer
Huggins.

A delicious two course lunch-
eon was served. The house was
prettily decorated with fall flow-
ers and the affair was a very
pleasant one for all present.

J. A. Carlson, the Murrayville
merchant transacted business in
Jacksonville Thursday.

Rubel Jones of Franklin was
a visitor in the city yesterday.

BERTON BRALEY'S DAILY POEM
NOT LOST
BY BERTON BRALEY
FILED, you say, is old Romance,
And the bloom is off the rose?
Juliet and Romeo
Haven't nowadays, a chance?
So you look on quite askance,
And you shake your head and frown
Watching Romeo advance,
Calling "Hi kid, come on down!"
CARELESS, slangy words, it's true;
Yet to Juliet, above,
They are glowing words of love,
Just as sweet to listen to
As Verona's garden knew
When, in days of long ago,
Whispering the foliage through
Juliet heard Romeo!
WHAT if Romeo drives a car?
Or if flapper Juliet
Sometimes smokes a cigaret,
In these "humdrum" days that are?
Still, she is his shining star,
He's her knight of high renown,
When he sings out from afar,
"Hi there, Julie, come on down!"

**PASSAVANT BOARD IN
QUARTERLY MEETING**
Good Attendance at Session Last
Night—Routine Business is
Transacted.
The quarterly meeting of the
trustees of Passavant Hospital was
held last evening with a good
attendance considering the weather
which kept the friends from
the country from attending.
President A. A. Curry called on
S. W. Nichols to offer prayer, af-
ter which a few remarks were of-
fered by the chair. He gave an
encouraging account of affairs
stating that the institution was
paying its way and there was no
immediate stringency for funds.
He felt the management was ex-
cellent and the worthy superin-
tendent, Miss Verner, and her as-
sistants deserved great praise.
He had a vision though which
he hoped would be realized and
that was a \$250,000 building, and
a good friend had recently told
him he had a thousand dollars to
give toward such an edifice, and
the chair believed when it came to
a showdown the gentleman would
make it ten thousand dollars. He
emphasized the fact that the hos-
pital is the property of all the
churches in the county and all
should speak of it as our hospital
and work accordingly.
He then called on Secretary
Ames for the minutes of the last
regular meeting, after which the
superintendent, Miss Verner, read
her report. It dwelt at length on
the work of the quarter which had
been successful. The patronage
of the institution had been good
and there was now a goodly num-
ber of patients. More room was
needed for nurses. A part of the
sleeping porch in the Nichols
nurses' home had been utilized
which would make room for four
young ladies and additional quar-
ters had been secured in nearby
residences for others. This was
made necessary by the increasing
work of the institution. It was
thought when the home was built
ten years ago, that it would be
sufficient, but already the hos-
pital had outgrown it.
It was ascertained that an ad-
dition of twenty feet to the north
end would cost ten thousand dol-
lars which would make it out of
the question at present. The
kitchen and dining room are also
too small now for the grow-
ing work of the hospital, and
measures should be taken to re-
medy that condition as soon as
possible.
There are now 25 student nurses
and a good number of young
ladies waiting on the sick who
have completed the course. The
work of the institution was, es-
pecially praiseworthy as the duties
of the position made it arduous and
all was being done in good shape.
The young ladies were introduced
to the meeting and received with
courtesy by the members.
The nurses are well cared for
and have pleasant social hours in
their home and all possible is
done to make their sojourn in the
institution pleasant and profit-
able.
The colored man of all work,
George Emmerson, has been with
the hospital 17 years and is yet
a trusted member of the force.
The trustees expressed their
appreciation of the report by a
rising vote of thanks.
Mrs. Hollinger said the Ladies'
Aid was at work again having had
two meetings and would go right
ahead with the duties of their or-
der.
Vice-President, H. J. Rodgers,
said it would be desirable to en-
large the Nichols nurses' home,
but as it would cost ten thousand
dollars it would not be practicable
but the sleeping porch had been
curtailed somewhat and rooms
outside had been secured for the
growing training school.
Dr. Woltman reported for the
medical staff that the thorough
work was being done by the doc-
tors than ever before. They met
at the hospital once a month, had
a dinner there and then each doc-
tor was called on to discuss his
patients. If one died they wanted
to know it, or if one left the hos-
pital not improved. All possible
efforts was put forth to secure
all the co-operation and informa-
tion for the better work of medi-
cal fraternity.
A general discussion of the
work of the hospital and its needs
followed and then more refresh-
ments were served. The meeting
closed with an earnest prayer by
Dr. F. M. Rule.

**SPRINGFIELD HARD
ROAD IS NOW OPEN**
Decision Was Made Yesterday to
Open New Stretch For Light
Traffic—Official Opening
Later.
T. M. Tomlinson of Jack-
sonville and Harry Ogle of Arcadia
returned from the Odd Fellows
meeting at Springfield yesterday
evening with news that will be
welcomed by all motorists.
In conference with Col. C. R.
Miller, Director of Public Works,
yesterday, Mr. Tomlinson was
able to prevail upon him to take
action toward opening the new
stretch of hard road beyond
Berlin for light traffic only,
thus eliminating the detour
which has become very bad dur-
ing the recent rains. The official
opening will be made in a very
short time after which the road
will be open all the way for all
traffic into Springfield.
By the completion of this
stretch, it is now possible to
travel from Jacksonville to the
Indiana Line on hard road all
the way with the exception of
about one mile of cinder road in
the vicinity of Riverton.
Mr. Tomlinson was further
advised while in Springfield that
some definite action regarding
the new hard road to the south
of Jacksonville would be taken
very soon.

What Do You Know
about the man from whom you buy
your investments?
Do you know that his reliability is
unquestioned? Does his knowledge
of your financial affairs enable him to

Empty-Arms by Horne.
"I Knew" by d'Hardelet.
Unmindful of the Roses, Schneider.

Flower Rain, Schneider.
Recompense, Hammond.

LOCAL PEOPLE HURT IN AUTO ACCIDENT

Mr. and Mrs. Calvin Rutherford, who started last Friday by auto to Milwaukee, were both slightly injured when the auto in which they were riding was forced into the ditch to avoid hitting another car. Mrs. Rutherford, Smirl of Girard was also slightly hurt, but Mr. Smirl, who was driving the car, escaped without injury. The accident occurred on the herd road near Mason City. A car ahead was turned crosswise of the road in order to turn into a gate. When Mr. Smirl saw that, even with set brakes, his car would strike the other machine, he turned aside running into the ditch. His car was wrecked. None of the occupants were seriously hurt and the trip to Milwaukee was completed.

LITERARY PEOPLE GO TO KANSAS CITY

Mr. and Mrs. O. M. Petefish and Mrs. Durrel Crum left last night for Kansas City, for an extended visit with friends and relatives.

Miss Georgia Litter is visiting relatives at Vandalla, Mo.

QUEEN ESTHER SOCIAL AT MURRAYVILLE CHURCH

The Queen Esthers of the Murrayville M. E. church held a social last evening in the church basement. There was a good attendance, in spite of the rainy weather. Games were played during the evening, and plenty of good eats were on hand.

MANY ARE GIVEN MASONIC DEGREES

An unusually large class of candidates took the work last evening in Jacksonville Lodge No. 3, A. F. & A. M. Work was started in the afternoon, and following a supper served at the Masonic Temple, was concluded in an evening session.

FUNERAL NOTICE

Funeral services for the infant daughter of Mr. and Mrs. Arch Vasconcellos will be held at 2:30 o'clock this afternoon from the funeral parlors of Arthur G. Cody in charge of Rev. W. E. Spooner, interment will be in Jacksonville cemetery.

Mrs. H. Stuart of Chapin was a local shopper Thursday.

Mr. and Mrs. William E. Douglas of Franklin were recent shoppers in the local business section.

ELKS ARRANGE DANCE SERIES FOR SEASON

Will Hold Grand Balls at Christmas and Thanksgiving—Start Campaign for 200 Members

A special committee of Elks, consisting of Basil Sorrells, A. R. Eyre and Frank Wannamaker have arranged a series of dances to be held at the Elks' Home during the fall and early winter. These affairs are expected to outdo any social functions previously held by the order at the home, and some especially brilliant programs are being planned.

The first of the series will be a Halloween masquerade ball on the evening of October 31. Music will be furnished on this occasion by a picked orchestra of seven pieces, headed by Warfield Brown. Other dates thus far arranged are:

Regular dances, Nov. 9 and Nov. 23.
Grand Thanksgiving ball, Nov. 29.

Regular dance, Dec. 7.
Grand Christmas ball, Dec. 25.

Music for these functions will be of a high order. Admission will be by ticket, which may be purchased from members of the committee or at the Elks' Home. Letters have been sent to all members of the local lodge announcing the big campaign to boost the membership. The slogan is "Every member get a member." This campaign is preliminary to the projected initiation of a class of 200 into the lodge about the first of the year.

LIBRARY BOARD IN SESSION YESTERDAY

The Library Board met yesterday afternoon and the following report was given: Circulation for the month of September—4,977. Number of new borrowers registered—118.

The following are some of the books which are most popular during the past month: "The Black Oxen," by Gertrude Atherton. "The Dim Lantern," by Temple Bailey. "The Lost Lady" by Willa Cather. "The Lonely Furrow," by Diver. "The Alaskan by Curwood. "Raw Material by Fisher. "The Middle of the Road," by Gibbs. "The Life and Letters of Walter Page" "Life of Christ," by Papini (19 reserves). "The White Flag," by Porter. "Mind in the Making," by Robinson. "Men Like Gods," by H. G. Wells. "A Son at the Front," Warton. and "The Mine With the Iron Door" by Harold Bell Wright.

The Library is planning to make this winter's work unusually interesting.

STUDENTS TO GIVE INVITATION DANCE

Floyd Sanders and Earl Tilton, students of the Jacksonville High school, will give an invitation dance at the Armory Hall from 8 until 12 o'clock Saturday evening, October 20.

There have been a few invitations sent out to personal friends for the dance. Messrs. Sanders and Tilton are sure it will be a great success for they gave a dance last year which was a great success, with a large crowd. They are expecting a crowd of 175 to 200 persons. During the evening there will be a number of feature dances which will assure the members of the dance a very pleasant time. The dance will be chaperoned by Mr. and Mrs. C. R. Short, Mrs. C. D. Sanders, Mrs. Glenn Cannon, Mr. and Mrs. H. M. Andre, Harry Walker and Capt. and Mrs. W. R. James.

EARTH SHOCK FELT

Asheville, N. C., Oct. 18.—Distinct earth shocks were felt at nearby points between 2:30 and 3 o'clock this afternoon according to reports received here tonight.

At Hendersonville and Saluda, it was said the shocks were very perceptible but were not of sufficient intensity to cause damage.

COVINGTON SALE IN ZION VICINITY

Sale Held Yesterday on Farm South east of Murrayville—Stock and Hay Brought Good Prices

A sale of stock and grain took place yesterday on the farm of J. J. Covington southeast of Murrayville. In spite of the inclement weather, a good crowd was on hand and the proceeds of the sale totaled about \$1,000. Ladies of the Zion M. E. church served lunch on the grounds. S. A. Bracewell was clerk and H. E. Spencer auctioneer. Following are a few of the sales:

Sow and pigs, \$30.50; sow and eight pigs, \$29.85.

Sow to Otis McNeilly, \$15; one sow, \$14.75; one sow, \$15.50.

Sow to Frank Worrall, \$14; two hogs to Elva Spencer, \$12.25 each.

Twenty-one shoats to Louis Mandeville, \$6.45 each.

Jersey cow to S. A. Bracewell, \$48.50.

Two cows to Elva Spencer, \$50 and \$50.50 respectively.

Yearling steer to Elva Spencer, \$42; yearling heifer, \$46.

Timothy hay, 50c a bale; 18 bales clover hay, 65 cents a bale. Aged mare to Elva Spencer, \$14.

MATRIMONY

Martin-Wilkerson.
The marriage of Lambert Paul Martin and Miss Laura F. Wilkerson both of this city took place at 9:30 o'clock Thursday morning at the court house here, Justice A. B. Opperman performing the ceremony. The young people were unattended. The bride and groom were both formerly residents of Mt. Sterling, Ky. The groom is now employed here in construction work and they will make their home here for the present.

DEATHS

Bentley
The infant son of Mr. and Mrs. Irwin Bentley died at 10:30 o'clock yesterday morning at the home of his grandmother, Mrs. Gruber, 320 West Court street. The remains were taken to the Gillham Funeral Home and prepared for burial. Brief services will be held at 10 o'clock this morning at Diamond Grove cemetery.

BIRTHS

Born at Passavant hospital Wednesday evening to Mr. and Mrs. Frank Robinson of 816 Hardin avenue, a daughter.

Mrs. J. W. Robertson of Alexander was a business caller in the city Thursday.

WITH THE SICK

Mrs. Hugh Chaney is very ill at her home on East Court street.

Jack Bushman of Roodhouse, an engineer on the C. & A. railway, was in the city yesterday for an examination by Dr. Norris.

Jimmie Cruse underwent a minor operation yesterday at his home, 802 West Lafayette avenue, and is getting along nicely.

PASSAVANT HOSPITAL NOTES

S. T. Maddox returned to his home on East State street Wednesday.

Mrs. Paul Frank and baby daughter left the hospital Thursday afternoon for their home on North Diamond street.

Mrs. Percy L. Funk and little son, Andrew Brown Funk returned to their home in Riggs ton Wednesday afternoon.

STUDENT ASSOCIATION ELECTS OFFICERS

At a meeting held by the Student Association of Illinois College Thursday, the following officers were chosen:

President—William Roberts.
Vice-President—Betty Palmer.
Secretary—Treasurer—Roy R. Lee.

I. C. GRIDIRON MEN DISREGARD WEATHER

Coach Harmon's Men Prepare to Give Normal Trimming—Captain Riess Begins to Boil

Football and rain have been having a tussle the last two afternoons, and the weather man seems to have but a slight advantage. The Illinois College squad has deserted the athletic field the last two afternoons in favor of the nice, green, soft turf east of Crampton Hall. There the three teams have been plugging away in preparation for the Normal game Saturday afternoon. A week ago Illinois Field was nearly as hard as asphalt. The players were longing for a softening shower to transform the hardpan into a more receptive sort of material. The shower—rather prolonged—came. Last night a player could leap into the air and light on his ear without damage except to the turf, or he could skid a few yards on his nose and the only evidence of the trip was the trail left in the grass and mud by his proboscis.

All the players are in good shape except Captain Riess. He has entertained a boil a week during the past two weeks. Now, every day in every way he seems to gather additional tormentors. They nestle snugly in the small of the back, where they are well protected except when he stoops over to try their elasticity. He'll forget about them when he gets a flock of red jerseyed Normal players trying to run over him Saturday afternoon.

The teams were at it last night until darkness shrouded the field, and when players of two teams mingled while running plays they were unable to determine to which team they belonged. All of which means that the Illinois boys are of one mind, that Normal must bow Saturday. The weather man says fair weather will now rule for a while, and if his promise comes true the field will be in good shape by Saturday afternoon.

Red Goose Shoes

for boys and girls are really the talk of the town. They are all leather, made on lasts that fit the feet and are the snappiest styles in town. The quality goes into every pair before the name goes on.

They will surely please you as they are pleasing hundreds of others.

Mrs. Glenn's Friends
Amazed by Great Change**Clinton, Ill., Woman Causes Great Comment**
By Sudden Improvement in Health. Bless-
es Day She First Tried Peppen

Mrs. Geo. Glenn, 516 S. East St., Clinton, Ill., suffered for two years with stomach trouble in its worst form, making it impossible for her to eat heartily.

Those who knew her will never forget the nervous wreck she was, how she dreaded to see night-fall come because she could not sleep soundly. Then almost over night her appetite was restored, her nerves became steady and she was able to sleep soundly. What had taken place to cause this sudden improvement in Mrs. Glenn's health? Here is her own story.

"For two years I suffered untold agony, my appetite left me almost entirely and what little I did eat soured on my stomach. Gradually this strain shattered my nerves, things about me became black and I would become so dizzy I could not stand up."

"About this time I heard of

Peppen, a medicine that was being praised by people in all parts of the country. I had tried several tonic preparations but none had helped me. As I could hardly bear the suffering I was undergoing I decided to try Peppen.

"Well, after taking Peppen for a few days, I noticed a remarkable improvement in my condition. My appetite was returning. No longer did gas form on my stomach nor was I troubled by my food souring. I also ceased to have attacks of dizzy spells."

"Today after taking Peppen I feel like a new woman. My nerves are again strong and I can sleep soundly. Peppen did for me what other medicines had failed to do."

Peppen is obtainable in Jacksonville only at the Coover Drug Co. It can also be secured at one drug store in each nearby town. "Look for the Peppen Sign."

Your Child.

The cause of backwardness can easily be removed and your child given a fair and equal opportunity.

The true reason for backwardness in school work is not necessarily a dull mind—nor is it a natural antagonism for study. 25% of school children have sub-normal vision.

The time to begin the battle for better vision in the generation of tomorrow is NOW!

DR. W. O. SWALESOPTOMETRIST
Phone 1335Xlegionnaires of "pussy-footing" on the Ku Klux Klan question and announced that he was there to "tear the mask off things and see just where we are."
"Far be it from me to inject into this convention a religious issue. However, much as I desire that such not be the case, there is a religious issue here and there has been one for more than two years. The only way to meet the issue is to meet it squarely, meet it face to face, the same as we met other issues in times gone by."Recalls Deegen Candidacy
"You all know just as well as I do what happened in New Orleans. You know perfectly well that Bill (William) Deegen's candidacy was proposed down there and the most important factor regarding him was his religion."

Major Kendrick withdrew the statement when it was objected to by California delegates and said:

"I withdraw the statement that you all know it and merely say that I know it."

E. W. Whitney, spokesman for the Oklahoma pro-klan delegation, warned the legionnaires that the press of the country was trying to split the legion on the question of the klan. He said:

"This question has been brought insidiously before the convention for two different years. I see in it the life or death of the legion and my position is that we want hands off. Irrespective of what any man may think or believe in religion or politics, the basis of this resolution for membership in this legion is service."

WET FORCES ARE GIVEN
JOLT BY UNCLE SAM(Continued from Page One)
He declared he was powerless to act against these corrupt officials except insofar as they came within his jurisdiction but he said he intended to submit all his findings to Attorney General Daugherty for direct action.

The investigation it was stated began in June when reports came to Washington that the prohibition law was being brazenly violated and that an attempt was being made to cover them up by whole sale bribery in which prominent persons were involved.

General prohibition agents Grill and Dunne came to New Jersey and began an inquiry. Immediately they said they were approached by bootleggers who assured them "they could get rich quick" if they would "be reasonable."

In August Special Agents Roche and Barford of the special intelligence unit of the treasury department, joined Grill and Dunne. All pretended they were corrupt.

While the agents collected the \$80,000 in bribes they saw that other bribe collectors were reaping a harvest of money on promises that they would establish connections in high places in Washington with people who would make beer running and selling absolutely safe.

Dr. and Mrs. R. R. Jones of Woodson were business visitors in Jacksonville Thursday.

Mr. and Mrs. Arthur Yeck made a shopping trip to the city yesterday.

LINCOLN'S TOMB
BY EX-PREMIER(Continued from Page One)
reverent tribute of respect to the memory of one of the great men of the world. It is difficult to express the feelings with which I visited the home and the noblest figures in the history of mankind. His fame is wider today than it was at the date of his death, and it is still widening. His influence is deeper and it is still deepening. He belongs to the human race in every clime, land, and age.

"I have read many of his biographies. His career was highly successful judged by any standard—from the wretched log cabin of Kentucky of which I saw a picture today, thru that comfortable home I visited, on to the official residence of the president of the greatest republic on earth seems a triumphal march enough for any career. And yet his life is in many ways one of the saddest of human stories and even the true end comes as a relief."

Doomed by Destiny

"He once said: 'I have not willingly planted a thorn in any man's bosom' and yet, as soon as he reached the height of ambition, this man, who shunned hurt, and scattered kindness on his path was doomed by a cruel destiny to send millions of his own fellow countrymen thru the torturing experiences of a prolonged and fierce war against their own kith and kin."

"His example and his wise sayings are the inheritance of mankind, and will be quoted and used to save it from its follies to the end of the ages. The lessons of his statesmanship are applicable today as they were sixty years ago."

Message of Moment

He has messages of moment for this present hour. "The first is: 'To trust the common people.' That trust is weakening in the continent of Europe, and country after country is abandoning its faith in democracy. It is the time to proclaim Lincoln's indomitable confidence in the ultimate justice and good sense of the common people."

"What is his next message? Clemency in the hours of triumph. The doctrine of the Pagan world was to the conqueror. Lincoln's doctrine was 'Reconcile the vanquished.' It is a time for remembering that vengeance is the justice of the savage, and that conciliation is the triumph of civilization or barbarism."

Leaving here during the night Mr. Lloyd George will be the guest of St. Louis tomorrow, arriving in the forenoon.

FORCE OF FLOOD IS
PRACTICALLY SPENT(By The Associated Press)
OKLAHOMA CITY, Okla., Oct. 18.—Their devastating force virtually spent, flood waters of the North and South Canadian rivers and tributary streams tonight are spreading toward the Arkansas line after wrecking millions of dollars worth of property in Oklahoma.

The total known death list climbed to six today when two more bodies were recovered from Oklahoma City's swollen regions on the South Side and west. It was received that two boys were drowned near Chickasha late yesterday. Five persons still are missing here.

Overflow waters in the eastern part of the state at Eufaula, Henrietta and Okmulgee, the latest sections to be affected, are receding altho thousands of acres of farming lands still are inundated. Tremendous damage was suffered by railroad property and highways.

Everywhere, reconstruction work is being pushed rapidly.

MINERS WANT MARKET
FOR UNION PRODUCT

(By The Associated Press)

FORT SMITH, Ark., Oct. 18.—The object of the United Mine Workers in seeking to prevent the operation of coal mines on an open shop basis is to keep non-union mined coal off the market in order that union mined coal can be sold. Jake Ritchie, a former union miner who was injured in the Hartford Valley Mine war of 1914, declared today in his testimony at the trial of the \$2,222,000 damage suit of the Coronado Coal company and other operators against the miners' union.

Ritchie appeared today as a witness for the plaintiff operators who charge the miners' union was a party to a conspiracy to prevent the interstate shipment of non-union mined coal. Other witnesses today included Judge Frank A. O'Ymans, of the United States district court who testified by deposition regarding a request from Frogtown that he send deputy marshals there to arrest a number of mine guards who were alleged to have engaged in rioting.

Frank A. O'Ymans, of the United States district court, said that his life was threatened a few days after the riot.

WILL BUILD NEW YARDS

Chicago, Oct. 18.—New and extensive freight yards to cost approximately \$700,000 are to be constructed by the Burlington railroad at Willows, Ill., about 2 1/2 miles east of Bridge Junction, East St. Louis.

The company is acquiring approximately 90 acres of land for this improvement.

Harbor Conference
Are Told

(By The Associated Press)

MILWAUKEE, Wis., Oct. 18.—If the productivity of the Mississippi Valley is to render full service to the nation it must have not only direct communication to all parts of the nation but an outlet to the markets of the world. Lincoln George Bruce, chairman of the Milwaukee Harbor Commission told delegates to the organization meeting of the Great Lakes Harbor conference at a banquet here tonight. Mr. Bruce referred to the proposed St. Lawrence-Great Lakes Waterways project as one of the principal objectives of the organization of lake states expected to be formed here tomorrow.

"A waterway project ever undertaken by the American people has been more simple in its physical aspects and at the same time more promising of utilitarian service, than the St. Lawrence route connecting the great inland oceans with the high seas," Mr. Bruce asserted. "It will bring the products of the middle-west 1,000 miles nearer the markets of the world."

Addressing the conference following discussion of the waterways project, Harvey D. Goulder, of the Lake Carriers' association, Cleveland, Ohio, addressed the conference on the evils of the Chicago drainage canal.

Operation of the canal is causing serious reduction in lake levels and therefore is defeating the end of that city as a lake port, Mr. Goulder declared.

The canal and accompanying local evils have made Illinois' leading port almost negligible in lake transportation the speaker declared.

Mr. Goulder charged the drainage canal people had enlarged the flow of lake water into the canal despite the fact that no authorization had been had from the war department which has heretofore denied all applications. He also said power plants had been established along the canal and were taking profits from "unpurloined waters" of Lake Michigan.

Water levels of the Great Lakes have so reduced levels that the carrying capacity of a ship, according to size is likewise reduced from 75 to 100 tons for every inch, according to the speaker.

CHARGED WITH FRAUD

Pittsburgh, Oct. 18.—Charged with defrauding stockholders of the United Coal Mines, Inc., in Pennsylvania, Ohio and West Virginia, out of amounts totalling approximately a half million dollars Edward F. Gerber and William H. Funston, Jr., both directors of the concern, were arrested here today by Constable Edward McGraw and were held under \$5,000 bonds each for hearing.

G. B. Kendall, T. R. Cain and of the 20th and 21st Congressional districts in the Centennial Mo., Thursday morning.

IN ARMOUR TRIAL

WASHINGTON, Oct. 18.—The government practically concluded today the presentation of evidence in its complaint against Armour & Co.'s acquisition of the meat packing plants and business of Morris & Co., which Secretary Wallace charged would constitute a monopoly and restrain interstate and foreign commerce in violation of the parkers and stock yards act.

The hearing was adjourned until Tuesday, November 6, at Chicago when the parkers will begin presentation of evidence. The hearings, here occupied three days before Chester Morrill, assistant to the secretary of agriculture and officer in charge of packers and stock yards administration.

ROBBERY SUSPECTS
NOT MEN WANTED

(By The Associated Press)

SACRAMENTO, Cal., Oct. 18.—O. J. Underwood, J. L. Millett and John D. Carroll, arrested here Wednesday as suspects, are not the men who held up Southern Pacific train No. 13 and killed four trainmen near the Oregon state line, October 11. Police Chief Bernard McShane and Inspector Arthur Ryan announced today after they had subjected the three suspects to a six hour grilling. The men however, will be held for a few days, police said.

KILLS SON-IN-LAW

Alton, Ill., Oct. 18.—Levi Jenkins, 79 years old shot and killed his son-in-law Elijah Morgan, 35, at his home near here this afternoon. Witnesses to the shooting declared Morgan had threatened to kill his father-in-law. Jenkins, who claimed he shot in self defense said that Morgan had attacked members of the family and drove them from the house with an axe last night.

R. L. Dumas, assistant superintendent of the Prudential Life Insurance Co., went to Beards-town yesterday on business.

NOTED EVANGELIST
IS SERIOUSLY ILL

(By The Associated Press)

NEW YORK, Oct. 18.—Evan-geline Booth, commander of the Salvation Army, confined to her home near White Plains for treatment for abscesses of the nasal passages, was reported tonight by her physicians to be in a serious but not necessarily alarming condition. All her engagements have been cancelled for the present. Drs. Duncan MacPherson and Herbert L. Wheeler, issuer the following bulletin:

"The pains suffered by Commander Miss Booth has caused loss of sleep, by which, coupled with unavoidable lack of nourishment, has very greatly reduced her strength. It would therefore be dangerous even to allow her to be present at any public meeting where she otherwise would attend. Exposure to drafts in her present state of low resistance might produce pneumonia or invite other serious complications. Absolute rest and quiet for the time being are imperative."

YOST TO RETIRE
AT SEASON'S END

Ann Arbor, Mich., Oct. 18.—Fleiding H. Yost, coach of the University of Michigan football team for the last 23 years will retire at the close of the present season. Coach Yost made the announcement of his retirement at the Michigan Press Club convention here tonight.

George Little, chief assistant to Yost for the last two years, will become football coach. It is understood Coach Yost will remain at Ann Arbor as director of Athletics in the university.

Louis Lowenstein was a White Hall visitor in Jacksonville yesterday.

J. W. Arnold attended the meeting of Farm Bureau officials' building at Springfield yesterday. Harry Cade was in the city from Murrayville yesterday.

Social Events

Fortnightly Meets

The members of the Fortnightly met yesterday afternoon, with Miss Luella Blackburn, at her home on Sandusky street.

Miss Josephine Morey had charge of the program and her subject, "Ancient Gardens," was made most interesting and enlightening.

After the program there was a social hour, at which time the

hostess served delightful refreshments.

Reception at Jenkinson Home

Cards have been issued by Mrs. William A. Jenkins, Miss Annis Clayton and Miss Maude Elizabeth Clayton, for a reception on Thursday, Oct. 25, at the Jenkinson home 1249 West State street. The hours will be from 2:30 until 6 o'clock.

Members of Wedding Party Entertained

The members of the Mitchell-

Little wedding party were entertained at a 12 o'clock luncheon, after the wedding Wednesday by Mr. and Mrs. Charles B. Little, and at a 6 o'clock dinner by Mr. and Mrs. Mitchell.

There was also a reception for the friends of the young people in the evening at the Little home, at which time they received many beautiful gifts.

After October 24th, Mr. and Mrs. Little will be at home to their friends, at 724 East North street.

Dinner Is Given for Mrs. Williams

Mrs. Lena Williams was entertained at dinner at the Colonial Inn, Tuesday night by a party of friends. Mrs. Williams left Wednesday for her home in Kansas City, where she will be a teacher of Occupational Therapy in the United States Veterans Bureau Hospital for disabled ex-service men. She came to this city in 1921 and since that time has been a teacher of Occupational Therapy at the Veterans' Bureau Training Center at the State hospital.

Mrs. Williams leaves many

friends in Jacksonville where she was very successful in her work. She has been in the employ of the government since the war.

Second Ward P. T. Association Meets

The Parent Teachers association of the Lafayette school met in regular session Thursday afternoon at 3:30 o'clock. In the absence of the president, Mrs. Fay, the meeting was presided over by Miss Paxton, the vice president. A report was rendered by the secretary, Mrs. Massey after which regular business was transacted.

At the close of the business session Miss Donlon, children's librarian, gave a very interesting reading from "Alice in Wonderland," and this was followed by an address by Superintendent Shafer on the need of new buildings at the various ward schools. The meeting closed with a social hour.

During the business session the following officers were elected:

President—Mrs. W. A. Fay.

Vice president—Miss Agnes Paxton.

Secretary—Mrs. Tilman Stout.

Treasurer—Mrs. Buhrer.

Club Members Enjoyed Dinner

The members of the Business and Professional Woman's club had a dinner meeting last night at 6 o'clock, at the Tea Tray. Miss Agnes Paxton, the new president, presided at an informal program. Miss Florence Kirby, of Illinois Woman's college favored the company with a number of piano solos. Several members of the club talked informally on the work of Business and Professional Woman's clubs in developing the spirit of comradeship and service among business women.

The following new members were presented: Misses Ella Minter, Marie Siebert, Lila Elliott, Mildred Swanson, Henriette Siver, Dorothy Lukeman, Laura White and Mrs. Lillian Danskin.

Point Aid Society Meets

The Point Aid society held their regular meeting at the residence of Rev. and Mrs. Bracewell on Webster avenue Wednesday afternoon with a good attendance, considering the weather.

A regular business session was held and plans were made for a Halloween party to be held at the parsonage on the evening of October 25th. The members attending all brought canned fruit which will be shipped to the Chaddock School for Boys. On account of several of the members not being present it was decided to hold the shipment for a short time, so that all of the members may have a chance to take their donations of fruit to the parsonage before shipment is made. An inspection was then made of the parsonage and several minor repairs were decided upon. The meeting closed with a social hour at which time refreshments were served.

Missionary Society Met Thursday

The Missionary society of the First Baptist church held regular meeting Thursday afternoon at the home of Mrs. Dennis Schraan, 1108 South Main street. Mrs. J. Odgen was the leader of the afternoon and the following program was carried out during the afternoon:

Mrs. Ogden—The Genius of the Negro.

Mrs. A. B. Williamson—Sketch of Harry T. Burleigh.

Spirituals from the Victrola

record, Swing Low Sweet Chariot, and The Golden Slipper.

Mrs. R. H. Lacey—The Seed of Flame.

Miss Velma Mathews—Reading from Paul Lawrence Dunbar, "When Malinda Sings."

Miss Margaret Williamson—A Group of Songs.

A brief business session was held in the late afternoon and then came a social hour with refreshments.

LYCEUM PROGRAM IS HELD AT WINCHESTER

Imperial Quartet Enjoyed by Good Audience—Mrs. Simmons Is Given Shower

Winchester, Oct. 18.—The first number of the lyceum series of entertainments being given here this winter, was put on tonight at the high school auditorium. There was a large crowd, and the Imperial Quartet, which furnished the entertainment, proved popular. The musicians received a number of encores, and will be welcomed heartily again by a Winchester audience. They gave a varied and well-rounded program of popular and classical numbers.

Mrs. W. T. McIntosh of Spring Valley is visiting relatives in this city.

Mrs. Ada Lankford left Wednesday night for Kansas City, for a visit with friends and relatives.

Dr. J. W. Daze, Grant Mader, R. R. Gasen, Albert Ezzard, J. E. Coulas and Warren Kelly attended the Grand Lodge sessions in Springfield Wednesday. Mr. Coulas was sent as a delegate and he and Mr. Ezard remained until Thursday.

Mrs. Everett Gibbs entertained about 15 young lady friends Wednesday afternoon in honor of Mrs. Stanley Simmons, but recently a bride. Mrs. Simmons was given a miscellaneous shower. After a pleasant afternoon delicious refreshments were served.

Dr. H. H. Fletcher left Wednesday for Chicago, where he is attending the meeting of the Association of Railway Surgeons.

COMMITTEES NAMED IN CENTENARY AID

At a meeting of the Ladies' Aid of Centenary church held Wednesday afternoon it was decided to hold the annual bazar and turkey supper on Dec. 13. The president of the society, Mrs. E. L. Kinney, appointed the following standing committees for the coming year:

Flowers—Mrs. H. M. Rowland and Mrs. T. B. Reeve.

Silver Committee—Miss Ruth Rapp and Mrs. J. F. Kitzer.

Linen—Mrs. Blanche Ellis.

Tea Towels—Mrs. Horace Busby.

Dishes—Mrs. George Chambers, and Mrs. Mary Richardson.

Kitchen—Mrs. Angie P. Weber and Mrs. Mary Dodsworth.

Emergency Committee—Mrs. Louie Kelly, Miss Winnie Wackerle, Mrs. T. B. Reeve and Mrs. Blanche Ellis.

Hospital—Mrs. Abe Jones and Mrs. Hugh Chaney.

Quilting—Mrs. J. F. Kitzer, Mrs. Anna Brown, Mrs. R. W. Dodsworth.

Music—Mrs. Tom Buckthorpe and Mrs. Joe Stice.

Visiting Committee—Mrs. T. H. Rapp, Mrs. J. F. Kitzer and Miss Ruth Rapp.

Reception Committee for the Month—Mrs. T. B. Reeves, Mrs. Joe Stice, Mrs. C. H. Boston and Mrs. Horace Busby.

Social Committee—Mrs. C. H. Boston, Mrs. Fred Six, Mrs. Haney, Miss Eva Lazenby and Mrs. Thomas Clampt.

Bazar Committee—The Misses Bess Harrison, Gertrude Atkins, Emma Hunter, Winnie Wackerle, Olive Hodgson, Ann Hodgson, Lucy Royce, Eva Lazenby.

Birthday Book—Mrs. Mary Richardson.

Press Reporter—Mrs. Angie P. Weber.

DISTRICT SUPERINTENDENT WAS ROODHOUSE VISITOR

Rev. A. S. Chapman, the recently appointed superintendent of the Jacksonville district, was in Roodhouse Wednesday to attend the seventeenth wedding anniversary of Rev. and Mrs. A. E. Cole. Rev. Mr. Cole is pastor of the M. E. church at Roodhouse. In the evening there was a program at the church in charge of the W. F. M. S., an interesting feature of which was a mock wedding ceremony at which Rev. and Mrs. Cole were the bride and groom. The minister and his wife were presented a quantity of very fine table silver by the members of the congregation.

Another feature of the evening program was the burning of a \$20,000 note, the last outstanding obligation of the church. After the serving of an excellent supper Rev. Mr. Chapman delivered an address on "The Mastery of Christ." Altogether it was a very interesting and inspiring occasion.

WOODSON NOTES

The burgoe supper, under the auspices of the Parent-Teachers association, which was to have been held last evening at the Christian church, was postponed indefinitely on account of inclement weather.

Charles Smith is expected to arrive here the last of the week from Los Angeles, Cal., called home on account of the illness of his mother, Mrs. John R. Smith, whose condition has not changed for the better.

MAYOR IS INVITED TO SPEAK IN HALIFAX

Head of Local City Government Asked to Speak in Nova Scotia City on "How Jacksonville Redeemed Itself."

Since he has been head of the city government, Mayor E. E. Crabtree has received more invitations to make addresses in other cities than he can possibly accept. One came yesterday from such an unusual source that it will be a day or two at least before Mayor Crabtree decides to accept or decline.

This wire invitation from Halifax reads:

Halifax, N. S., Oct. 18, 1923

Halifax passing thru a serious civic crisis. Would you come to Halifax as our guest and address a public meeting on "How Jacksonville Redeemed Itself."

W. H. Dennis, of the Halifax Herald.

The city has gained wide publicity thru Mayor Crabtree's leadership and the co-operative spirit which he has been so largely instrumental in building up is giving the city splendid

KIWANIANS HEAR OF WATER SYSTEM NEEDS

L. H. Caldwell Tells What New 16-inch Main and Steel Pressure Tank Would Save City.

Several important changes and improvements in the city's water plant are needed to make the system efficient and capable of the maximum amount of service, according to statements made yesterday by L. H. Caldwell in an address before the Kiwanis club. Mr. Caldwell has been studying the situation since last June and has made many charts and reports on the matter. He says that 16,375 feet of 16-inch main now connect the pumping station with the reservoir and standpipe in the southwest part of the city. Owing to the fact that this main is too small to carry the needed supply during the busy part of the day from 7 to 12 o'clock, the west end of the city is at that time without adequate service. If sufficient water were forced thru the main to keep the standpipe full, the main would split, doing great damage. By laying a 16-inch main 5,400 feet in length from the pumping station to the corner of Chalmers and South Main streets, the city would save \$3,600 a year in cost of coal to pump the water, a sum which would pay the cost of the new main, \$30,500, in a little more than eight years.

It was found that in filling the reservoir in the west part of the city, there is a loss of 400,487 gallons in 27 1/4 hours, or one third the total capacity of the reservoir. At 20 cents a thousand gallons cost of pumping the city is losing \$36 a day. What is needed is a 500,000-gallon steel tank on a tower sixty feet high which could be installed at a cost of \$30,000. The saving thus effected would soon pay for this improvement.

The three pumps now in use are not sufficient to furnish an adequate supply of water at the peak of the load. During the hours of greatest service, they force 4,000,000 gallons an hour thru the mains. One of the pumps is a steamer and the others are electrically driven. Another steam pump, with turbine engine is needed. The power plant is thirty years old and needs replacement by new and up-to-date machinery.

Vice president Shafter, who presided in the absence of President Rowe read an invitation from the Kiwanis club at Carthage to the local club, requesting the members to attend the noon luncheon of the Carthage club on Friday, Oct. 26, and also to attend the football game in the afternoon. Another invitation was read from the Champaign Kiwanians, in which the members were asked to attend the meeting of that club on Nov. 10, and to witness the Illinois-Wisconsin game in the afternoon. About twelve local Kiwanians signified their intention of going to Carthage and at least six expect to accept the invitation of the Champaign club. Guests present at the meeting yesterday included Rev. W. B. Spoons, Bert Christman, H. Norris, B. Young, Roland and Edward McLean, T. P. Carter, W. Havensok of Waukesha, Wis., J. W. Reynolds of Lyons, Kansas and John G. Capps of Hammond, Ind.

ORGANIZE PENMANSHIP CLUB AT HIGH SCHOOL

A new club has recently been organized at the high school, the American Penmanship club, and Miss Moore is to be the supervisor of the club's activities during the coming months. The boys and girls who belong to the club are subscribers to the American Penman, a monthly publication of the A. N. Palmer Co., and will compete for the American Penman certificate offered by the company.

The members of the new club are: Harry Stone, Pearl Howerston, Armour Adkins, Ethel Martin, Marie Gehring, Loraine Torry, Louis Muehlhausen, Gladys Glendon, Geraldine Sayre, Jimmie Cooper, Helen Wells, Elizabeth Lewis, Marietta Graubner, Kathryn Magill, Lena Arenz, Meda Megginson and Thelma Senters.

RECALLS WAR DAYS

Dr. T. O. Hardey of this city, a captain in the army during the world war, yesterday in discussing the present record of inclement weather, recalled the fact that there were many such periods of rainy weather during the months he spent in France and Germany.

NOTICE TO ELKS

The Elks have arranged a program of dances as follows: Hallowe'en Masked Ball, Oct. 31st, Nov. 9th, Nov. 23rd, Thanksgiving Dance, Nov. 29th, Dec. 7th, and Christmas Dance, Dec. 25th.

A special rate semi-season ticket for the above six dances will be offered for \$5.00 flat, making the price very reasonable. Single admissions for the above dances will be: Thanksgiving, Hallowe'en and Christmas dances, \$1.50 per couple, no war tax. For the other three dances, \$1.00 per couple and 10c war tax.

The Committee is going to do everything in its power to make these dances a success but in order to do so it must have your support and full co-operation. Can it count on you, Bill?

THE COMMITTEE

HEARD LLOYD GEORGE IN LINCOLN ADDRESS

Number of Local People Drove to Springfield to Attend Dinner Given for Former British Premier.

A number of Jacksonville people drove to Springfield Thursday afternoon to attend the dinner given by the Midway Luncheon club in honor of Right Hon. David Lloyd George. The former British premier and his party arrived in Springfield about 3 o'clock. Immediately afterward they paid a visit to the Lincoln home and still later to the Lincoln monument. It was for the purpose of visiting the Lincoln tomb that the distinguished visitor made the pilgrimage to Springfield.

The dinner in his honor was given at the Leland hotel with 500 or 600 persons present. A large assemblage place was not secured because Mr. Lloyd George as far as possible avoids the exertion of addressing large assemblages.

Secretary of State Louis L. Emerson presided as chairman and words of greeting were extended on behalf of the state by Governor Len Small and for Springfield by Mayor Marshall Bullard. Then the audience joined in singing "God Save the King," preceding the introduction of the former premier.

Mr. Lloyd George took Lincoln as his theme, and laid special emphasis upon Lincoln's doctrine of "reconcile the vanquished," declaring that philosophy needed in Europe.

Among Jacksonville people present at the dinner were Dr. and Mrs. Thomas Smith, Dr. and Mrs. C. H. Rammelkamp, Mr. and Mrs. Frank J. Heintz, Rev. and Mrs. G. E. Stickney, Miss Effie Epler, Miss Sarah Russell, J. P. Lippincott, H. M. Capps, F. J. Andrews, W. T. Capps, George W. Adams and Andrew Russell, Jr.

CLASS SCRAPS TO BE CONFINED TO CAMPUS

Illinois College Students Not to Fight Any More for Public Benefit—Many Hurt in Last Encounter.

Students of Illinois college at their meeting yesterday morning voted to abolish class scraps on the public square and outside the bounds of the college campus. The action was taken, it is understood, with a view to eliminating the inconvenience to the public caused by the scraps, tho nothing was said as to the numerous injuries to students which the last fight between freshmen and sophomores entailed.

Owing to the confusion and excitement during the fight, it was impossible to obtain full details. In a few days, however, information as to injuries received began coming to light. Several students were knocked unconscious. One lad who had almost reached the door, was kicked in the head, and when he recovered consciousness, he was being revived with water at the outskirts of the battle. It is reported that the freshman who was hurt in the fight, went to his home at Greenfield, and as far as is known, has not yet returned to college.

Some credit is due the Student Association for its desire to abolish the public class scrap, but it is understood that it is planned to carry on the scraps on the campus under some sort of regulations.

GRADUATE OF I. W. C. BECOMES A BRIDE

Miss Velma M. Bain Becomes Bride of George H. Itner of Champaign—Wedding Took Place in Michigan.

Announcement was made recently of the marriage of Miss Velma M. Bain, a former student at the Woman's college, to Mr. George H. Itner of Champaign, Illinois.

The ceremony took place at Benton Harbor, Mich., August 4, 1923. Rev. T. W. Bellingham, pastor of the Christian church officiating.

Mrs. Itner, who is a daughter of Mr. and Mrs. W. H. Bain of Wayne town, Ind., graduated from the Woman's college with the class of 1922. The acquaintance of the young people began when the groom was a student at Illinois college. He afterward transferred to the University of Illinois and was graduated there with the class of 1922.

Last year Mrs. Itner taught in the Franklin Community high school, and this year is teaching science in the Oakwood township high school.

Mr. Itner is a son of Mr. and Mrs. Harry Itner of Pittsfield, Ill. He has a position in the agronomy department at the University of Illinois and is a member of the Alpha Gamma Rho fraternity.

The many friends of the young people extend best wishes for a happy future.

WILL OF S. O. BARR IS FILED FOR PROBATE

The will of the late S. O. Barr was filed Thursday for probate in the office of County Clerk G. L. Riggs. The document was drawn February 14, 1923 and the witnesses to the signature were H. C. Clement and W. C. Brune.

After providing for the payment of just debts and funeral expenses and making a number of minor bequests, the testator bequeathed to his son and daughter, William Markoe Barr and Miss Katherine Barr, the store, stock, fixtures, etc., at 213 West State street. All the rest of the property real and personal is left to the wife of the testator, Mrs. Leila M. Barr. Edward M. Dunlap is named as executor of the will and is to serve without bond.

CRUISER WILL MAKE THREE MONTHS VOYAGE

Announcement has recently been made that the new Scout Cruiser Concord will begin a cruise about December 15, which will take her to ports in the Mediterranean, thru the Suez canal, to Madagascar, South Africa, around the Cape of Good Hope to St. Helena and back across the South Atlantic to Brazil and back home about March 15, 1924. The Concord is one of seven such ships and all of them will make similar cruises.

Young men who are interested in the navy are asked to write to the Navy Recruiting station at Peoria, and learn more about this exceptional opportunity to visit some interesting parts of the world.

BAPTIST CONVENTION IS NOW IN SESSION

Local People in Attendance at Annual State Baptist Convention in Oak Park—Rev. A. P. Howells Delivers Sermon.

Oak Park, Ill., Oct. 18.—(Rev. A. P. Howells.)—The Illinois Baptist state convention in session at the First Baptist church here, was informed by Supt. A. E. Peterson that every effort had been made to have Lloyd George, the war time premier of England, who was in Chicago, make an address before the convention, but owing to the distance from the Chicago loop district the invitation had to be declined.

The sessions of the convention are crowding the capacity of the new \$500,000 church building, the first unit of a million dollar structure being erected under the pastorate of Rev. Carl D. Case.

At the women's banquet on Tuesday night two members of the women's board were especially honored. Mrs. Elizabeth Stebbins of Jacksonville being one of the two.

"Prayer and the Modern Church Progress," was the subject of an able address delivered by Rev. W. P. Pearce of Cairo, and Dr. F. A. Agar of New York conducted a stewardship conference in which he urged the Baptists of the country to dispense with church suppers for profit and begin a system of tithing. Dr. Charles W. Gilkey of Chicago spoke on "The Authority for Our Task," in which he mentioned meeting two Mormons at the recreational convention in Springfield last week, who informed him that every young man in the Mormon church was required to be a missionary for two years at his own expense.

The vocal choir of the church is rendering inspiring programs, accompanied by the great pipe organ.

The morning sermon on Thursday was delivered by Rev. A. P. Howells of Jacksonville, Ill. A big boost for Shurtleff college was given by President Potter, who is planning for the centennial in 1927.

The delegates from Jacksonville include Miss Carrie Spires, Miss Edith Dawdy, Miss Dollie Bowen, Miss Mabel Goltra and others. There is a possibility that the convention will be held in the central part of the state next year. Mrs. A. B. Williamson of Jacksonville, Ill., has been selected to represent the Women's Missionary societies of the Morgan-Scott county Baptist association on the state convention board.

GRADUATE OF I. W. C. BECOMES A BRIDE

Miss Velma M. Bain Becomes Bride of George H. Itner of Champaign—Wedding Took Place in Michigan.

MAKE FURTHER PLANS FOR COMMUNITY DINNER

Further Arrangements are Completed for Dinner to be Given Monday Night Under Auspices of Anti-Tuberculosis League.

Mention has previously been made of the community dinner to be given next Monday night at Central Christian church under the auspices of the Morgan County Anti-Tuberculosis league. Following the serving of the dinner at 6 o'clock there will be a group of talks, all upon the theme of anti-tuberculosis talk in this county.

Rev. M. L. Pontius, president of the League, will be one of the speakers and will give an outline of the work which the league has done in past months, and will also tell something of what it is hoped to accomplish in the future.

A group of hosts and hostesses has been announced for the dinner, and these hosts and hostesses will invite various persons as their guests for the evening. It is the intention of those in charge of the plans for the dinner to invite representatives of various groups and organizations in order to secure their co-operation in the movement to have the sanatorium continued in operation.

The list of hosts and hostesses is given herewith:

Mr. and Mrs. Andrew Russell, Dr. H. C. Woltman, Mrs. A. L. Adams, Dr. A. L. Adams, Dr. F. A. Norris, E. L. Kinney, C. M. Strawn, Ralph I. Dunlap, R. W. Woolston, Dr. Garm Norbury, Dr. Grace Dewey, Rev. M. L. Pontius, Rev. Thomas W. Smith, H. J. Rod-

LOCAL RESIDENTS IN OKLAHOMA FLOOD AREA

Mr. and Mrs. Henry Pinkerton Stranded at City Near Scene of High Water—Write of Flood Conditions

Friends here have received a letter from Mr. and Mrs. Henry Pinkerton, who are stranded at Weatherford, Okla., on account of the disastrous floods. They are within 100 miles of Oklahoma City, and are part of a company of 20 tourists who are stopping in Weatherford. They cannot ship their cars out, or get train passage home. They are, however, in comfortable quarters. Mr. and Mrs. Pinkerton are eager to return home. They have been away from Jacksonville since April and have been visiting their son in California.

Twenty-seven cities in Oklahoma and Texas are isolated by flood, wire communications having been swept away. Airplanes are being used to rush mail to these cities. All railways in western Oklahoma, except one, are out of commission. The rainfall in Oklahoma City was 4.48 inches, and a five-foot wall of water rushed upon the city. In some places people were rescued from the second stories of their homes.

Our Debt to Birds

The Journal has a request from Dr. Botkin that a space be given to an article from the Chicago Record-Herald, "Our Debt to Birds," by N. P. Babcock. Dr. Botkin suggests that the article be printed for the pleasure of those who love and appreciate birds and for the benefit of those who are ignorant or careless of their value.

The spraying of trees with poison to rid them of insects has recently been denounced in many localities because of the destruction of birds involved in that practice. To kill a single bird while destroying even a considerable number of insects, is regarded as unwise for had its life been spared, the bird might have accounted for a much larger list of fatalities in the insect world.

Possibly few of us realize the tremendously important part that birds play in keeping this old globe upon which we live from becoming as barren as the head of a stone image. I confess I had no such realization until I got hold of some statistics gathered by one James Buckland and on record in the Smithsonian Institute.

It had been possible for me to watch a cat ascending a tree in search of some feathery morsel of food without feeling any urgent call to hasten in search of a gun with which to slay the cat. I now, however, realize that as a beneficial agent in counterbalancing a force that tends to make human existence impossible on this planet, the feathered creature so outranks the one with fur and claws, there is no comparison between them. The cat, after all, kills only one of man's innumerable small foes, while birds slaughter multitudes of them. Man is apt to consider himself the dominant power on earth. He is nothing of the sort. The true lords of this mundane universe are the insects.

Do you know (few persons do) how enormous is the number of insect species? More than 300,000 different varieties have been fully described by entomologists and their power of multiplication is simply staggering.

It has been computed that the hop aphid (a species of bee) developing thirteen generations in a single year, would, if unchecked, have multiplied in a dozen years to a breed which, marshaled in line ten to the inch, would extend to so remote a point in space that light from the head of the procession, traveling at the rate of 184,000 miles per second, would take more than 10,000 years to reach the earth. How this computation was made, I do not venture to assert, but since it is to be found among

statistics on file, in a government institution, I suppose it must be correct. It has further been computed that two pairs of kypsy moths, if unmolested, would produce enough progeny in eight years to destroy all the foliage in the United States. A Canadian entomologist stated that a single pair of potato bugs—Colorado beetles we call them—would, without check, increase in one season to 60,000,000, at which rate the disappearance of the potato plant would not long be delayed.

But fully to comprehend the devastation these myriads of vegetation destroying insects could work were it not for our friends the birds, one must bear in mind that their capacity for food is not to be gauged by that of any glutton who was ever seen or dreamed of. The daily ration in leaves of a caterpillar is equal to twice its own weight. A horse to feed at the same rate, would have to eat about a ton of hay every twenty-four hours.

Our debt to the birds is not, however, limited to the destruction by them of these voracious

insects who would gobble up all the greeneries of earth as fast as they grew. It goes deeper than that. Without the aid of birds, grass would not grow at all. The grub of a single species of beetle, if unchecked in its multiplication, could destroy all the roots in our meadows.

Man in his "foolish wisdom" often resents the encroachment of feathered intruders upon his tilled fields and in his gardens, and man thereby often becomes exceedingly foolish.

The greatest insect-enemy of the garden is a small, dull-colored hairless caterpillar known as the cutworm. It hides during the day beneath matted grass or under loose soil along the row of plants. It comes forth at dusk and at dawn to feed. The early bird comes forth to catch it, the earlier arisen, unwise owner or guardian of the land, seeing a bird among his peas, comes forth, shoots and kills it. Caterpillars are not gifted with voice; if they were they would hardly refrain from raising a cheer when the bird falls dead.

Do we all fully appreciate our debts to the birds? I fear we do not.

VIRGINIA

Virginia, Oct. 18.—Mrs. Marcia Plummer of Bloomington arrived Monday for a visit with Miss Harmon Tate.

Mrs. A. A. Leeper has returned from several weeks' visit with her daughter, Mrs. Martin Scott, at Clinton.

Mrs. J. B. Craft returned to her home in Chicago the last of the week.

Mrs. Ellen Smith left yesterday for a fortnight's visit in Springfield with her daughter, Mrs. T. Chittick. Mr. and Mrs. J. H. Landmeier of St. Louis were week end guests of the R. Wankel household.

Miss Miza Taylor of this city has been elected secretary of the Presbyterian Missionary societies of this district, the honor conferred at the recent convention held in Jacksonville.

Mrs. W. B. Finn of Virginia and Mrs. Roy Zeigler of Petersburg are visiting friends in Jacksonville and Alexandria.

Mrs. E. J. Huff has gone to Wichita, Kan., for a two-weeks' vacation from her duties as manager of the local telephone office.

Mrs. Isabelle Clifford of Lee Summit, Mo., is visiting her mother, Mrs. Marion Jacobs.

Mrs. L. A. Angier spent Thursday in Springfield.

Mrs. Harry Conover was shopping in Springfield Tuesday.

Tob Finn and Ed Nix were business callers in Jacksonville Monday.

George Rahn, who has been confined to his home for several months is reported to be much improved.

Mrs. Carl Adkins of Beardstown spent Sunday with her mother, Mrs. Virgin.

Clarence Noeker, Mrs. Anna Simmons and son Leo spent Friday evening in Springfield.

Mrs. Will Goodell, Mrs. A. Lewis and son were in Jacksonville Monday.

Misses Helen White and Gladys Griffin spent Sunday in Havana.

Mr. and Mrs. Clyde Fair spent Sunday in Jacksonville.

Ralph Flannigan, Myron Mills, Harold and Lester Farrar spent Tuesday evening in Jacksonville.

Mrs. Gertie Sullivan of Chicago is visiting relatives in Virginia.

Mrs. Emily Rink and son of Beardstown spent Friday afternoon in Virginia.

Mrs. Emil Dawson of Beardstown was a visitor here Thursday.

Mr. and Mrs. John Way were visitors in Jacksonville Friday.

Miss Verna Keemper of Springfield is visiting her sister, Mrs. Gattin.

Mr. and Mrs. Fred Bailey and Miss Verna Rexroat spent the week end in Peoria.

Miss Mary Armstrong is spending the week in Mt. Sterling.

GOVERNMENT OFFER

TO EXPIRE NOV. 11

The government's offer to commission in the Officers' Reserve Corps all officers who served in the World War with no further requirements than a filling of application and a physical examination, expires Nov. 11, after which an educational and professional examination will be given to all men seeking appointments in any branch of the army.

Former officers who wish to take advantage of the government's offer are asked to communicate with headquarters of the Organized Reserves, room three, Hay building, Springfield.

Attend Red Hog Sale, Fair Grounds, Oct. 23.

ARE YOU FAT?

JUST TRY THIS

Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription.

If too fat, don't wait—go now to your druggist and for one dollar, which is the price of the world over, procure a case of these tablets. If preferable you can secure them direct by sending price to the Marmola Co., 4612 Woodward Ave., Detroit, Mich. They reduce steadily and easily without tiresome exercise or starvation diet and leave no unpleasant effect.

"Now I know why you always feel so sure of your baking"

"No wonder you have confidence if you always use Enterprise Flour!

"Only last week my grocer was telling me about Enterprise, how it's made of the very finest wheat, and only the best part of the kernel at that. He says they call it The Flour of Strength because you can always depend on its fine quality being exactly the same, even in times like this when there is a shortage of good strong wheat.

"The flour I had been using seemed different this fall. I had so much trouble with my baking that I decided it was more expensive to have failures than to pay a few cents more for flour I could depend on. I bought a sack of Enterprise, and since then everything I've baked has turned out fine."

You can always depend on Enterprise.

RECEPTION FOR ASHLAND MINISTER

Rev. J. A. Biddle and Family Given Reception by M. E. Church Members—Other Ashland News

Ashland, Ill., Oct. 18.—Church members turned out in large numbers at the Methodist church recently at the reception for the new pastor, Rev. J. A. Biddle and family. The following program was carried out: Violin solo, Miss Elsie Carl; vocal solo, Miss Olivet McDaniels, with violin obbligato; solo, Rev. William M. Goodsell of the Baptist church; Rev. Roy A. Miller of the Christian church gave a brief talk and welcomed the new pastor; Rev. J. A. Biddle responded; then a community sing led by Rev. Goodsell. A social gathering followed in which the members and other guests met the new pastor, and refreshment were served.

Miss Helen Bain was a week end guest from Mason City of her aunt, Miss Grace Garner.

Mrs. Madie Graff has returned from a visit with relatives in Jacksonville.

Mrs. Floyd Fry of Jacksonville was an Ashland visitor Sunday afternoon.

Mr. and Mrs. Homer Graff of Springfield were week end visitors with relatives.

Dave Hexter was among the Springfield visitors Sunday.

George S. Bergen has returned from a business trip to Bowling Green, Ky.

Mrs. J. J. Wyatt and Miss Lois did shopping Monday with the Springfield merchants.

Andrew Wright drove in Monday morning from Philadelphia.

Mr. and Mrs. J. A. Way, Mrs. George Way, son Billie and Mrs. R. C. Corson were Petersburg callers last Friday.

Mrs. Fred Hexter and Miss Helen Garner of Colfax, Iowa, were Springfield visitors Monday afternoon.

Burt Bridgman who has employment in Jacksonville was here a few days this week visiting his family.

Abe Stallaw was a business caller Monday from Tallula.

Mr. and Mrs. J. H. Hubbs moved on from Prentice Monday afternoon and visited friends.

Mrs. Anna Shaw of Jacksonville is a guest of her sister, Mrs. Barney Ringler.

Mr. and Mrs. Walter Nottingham were arrivals Tuesday morning from Pleasant Plains.

C. P. Corson journeyed to Ashland Tuesday morning from the Bethel neighborhood.

Rev. and Mrs. J. A. Biddle drove to Jacksonville Monday afternoon to see their daughter, Miss Mary who is in the school for the Deaf.

Lou Carles had his new Ford sedan stolen Sunday evening from the Methodist church some time during the services, but so far have heard nothing from it.

WANTED—Experienced Salesladies, for Blouses, Sweaters and Hosiery. Harry W. Goldstein & Co.

CONCORD

Mrs. B. A. Cratz and Mrs. C. E. Newton went to Springfield Monday to attend the Rebekah assembly.

Mrs. Roy Crouse from the Concord Lodge and Mrs. Olive Morrison representative of Arenzville Lodge left Tuesday morning for Springfield to attend the assembly.

A Precinct Sunday school convention will be held on Sunday afternoon Oct. 21 at the M. E. church.

Mrs. Blanch Farlier moved to Concord Monday.

A number of members of the Masonic Lodge of this place motored to Chapin Sunday evening to attend a special service in their honor, which was held at the Christian church.

Rev. F. M. Crabtree was the speaker. A fine sermon and good music was enjoyed by all present.

Mr. and Mrs. M. O. Smith and Mrs. Spencer Smith were Jacksonville callers Monday afternoon.

Remember the annual donation sale and baked chicken suppers.

MUCH TIMBER IS NEEDED BY MINES

First Survey, Is Made of Amount and Kinds Used in Illinois and Made Public

URBANA. (By the A. P.)—Twenty million feet of timber is required each year in the coal

mines of Illinois, or one-fourth cubic foot of timber for every ton of coal mined, according to an estimate contained in a report just issued by State Forester R. B. Miller, following a survey of 175,036 acres of Southern Illinois woodland, which has been going forward under the direction of Professor Samuel A. Forbes, director of the State Natural History survey.

The report is the first one is-

sued of the Illinois Forestry Survey. It comprises a study of 697,286 acres of Illinois land, including the 175,036 acres of woodland in the Mississippi bottom in southern Illinois.

Of the 175,000 acres of woodland, the report says, 147,626 acres are considered as merchantable, mostly upland timber. Bottomland timber amounted to 16,419 acres. About 20 million board feet of timber are cut yearly from this tract, although only a portion of it in lumber, a large amount being used for baskets for grapes and boxes for fruits and vegetables required for shipment of local crops to market.

Railroads Needs

The railway companies and the mines use a considerable amount of ties and of round mine props and such sawmill timber as is utilized is chiefly cut by small stationary or portable mills. These uplands are valuable chiefly for timber, being poor farming land and largely subject to erosion when the forest cover is removed.

Much of the timber is poor, according to the report, because it is not in sufficiently close stand so that the trees prune the lower

limbs. This is largely the result of previous forest fires.

Among the important trees are included five different kind of white oaks, six of red oaks, seven kinds of hickory, the red mulberry, red gum, tupelo gum, shortleaf pine, the bald cypress, whose principal home is in the Gulf swamps, black walnut, and the white walnut or butternut, red cedar, gray and green ash, hard and soft maple, magnolia, honey locust, basswood, (which in southern Illinois grows sufficiently large for the manufacture of very desirable fence posts), black locust, wild black cherry, three kinds of elm, two kinds of cottonwood, sycamore, black willow, and a number of minor species such as hornbeam, dogwood, persimmon and blue beech.

Preserving Plants

There are nine wood preserving plants in Illinois employed chiefly for the treating of railroad ties, according to the report.

It takes about one-fourth cubic feet of timber to mine each ton of coal, Mr. Miller states, which would be a total of twenty million feet annually for the whole state. This estimate does not include the ordinary lumber used for mine building and other construction.

The third division of the report deals with forest problems and puts fire as of chief importance and adds erosion and grazing as other factors to be dealt with. Under "Forest Policy and Management" is suggested a proposed fire protection system for the state's upland timber belt, consisting of a centrally located station and division of the area into districts with telephone connections from the lookout stations, and a responsible person in each district closely in touch with woodland owners to organize a direct fire-fighting force whenever a fire is reported from the lookout station. The report contains tables of volume and growth studies for leading Illinois species.

ARENZVILLE

Arenzville, Oct. 18.—W. H. Buhrmester, who for the past three years has been the teacher of the Lutheran day school here, has accepted a call to the school at Washington, Mo., and he and Mrs. Buhrmester will leave for that place the first of next week. Residents of Arenzville regret very much that Mr. and Mrs. Buhrmester must leave as they have made a host of friends during their residence here and have taken an active part in any movement for the betterment of the community.

Mrs. Gerhardt of Vera, Ill. arrived Wednesday and will fill the vacancy for a teacher in the school caused by Mr. Buhrmester's leaving. She will be the teacher for the remainder of the school term.

The Annual Sunday School Rally Day was observed Sunday morning at the Presbyterian church and a splendid program consisting of speeches and songs was presented by the children of the Sunday school. Several special musical numbers by the adult members were also on the program and the attendance was exceptionally good. The pastor, Rev. Kieser, made a short talk on Missions and also addressed the members of the Pioneer club.

The Arenzville baseball team, better known as the Arenzville Greys, have enjoyed a most successful season and are at present looking for some worthy foe to play next Sunday on the local grounds. Last Sunday they defeated their old time rivals, the Virginia Merchants, by a most decisive score of 21 to 6, the game being stopped in the seventh frame by the Virginia players who could plainly see that they had met their Waterloo. If the Greys can find an opponent for next Sunday it will be the last game of the year.

Rev. E. F. Tonn, pastor of the Trinity Lutheran church, will go to Chandlerville Sunday evening where he will give a report before the congregation of the Lutheran church of that village of the Synodical Convention, which was held at Fort Wayne, Ind., in June. Due to Rev. Tonn's absence there will be no evening service at the local church.

A daughter was born to Albert Winkelman and wife Monday. Fifth child.

John Diver and Wm. Thomas motored to Beardstown Tuesday and transacted business.

Miss Mildred Beard was a Jacksonville visitor Tuesday.

The Merritt Cafeteria supper of Oct. 19th has been postponed.

Mrs. Jennie Crum of Litterberry visited Mrs. R. Kennedy several days this week. She was also a guest of Mrs. J. McDonald and Mrs. Emma Rucker on North Church street and called on Mrs. Oliver Shuff at Passavant hospital.

TESTING VEHICLE IMPACT ON BRIDGE

URBANA. — Determination of the amount of force spent on a bridge by the impact of rapidly moving vehicles, is engaging the attention of Professor T. D. Mylres, C. B. Schmeltzer and E. L. Bauer, of the university of Illinois department of civil engineering, who are conducting research investigations on some of the new state highway bridges. While the investigation has been going on since spring the theoretical part of the question has been the only side considered so far. A series of practical tests on the theory evolved so far, is planned now.

"Test of impact on vehicle high ways is of the greatest importance, because very little research work has been done on this subject. Railway impact on railway bridges has been given the most attention, but even that side of the subject is in need of further investigation."

"The force of a standing object on a bridge is of course, easy to estimate, but the difficulty lies in determining what amount of force is spent on the bridge with the conclusion of the vehicles rapid approach."

FRATERNAL SOCIETIES SHOW STEADY GROWTH

Eighty-Nine Such Societies Now in Millionaire Class, According to Compilation Based on State Insurance Department Reports.

Chicago—Millionaire fraternal societies now number eighty-nine according to D. P. Markey, supreme commander of the

Maccabees, whose compilation is based on reports to state insurance departments. In 1914, according to the figures, only forty-eight fraternal societies were in the millionaire class, in 1915 fifty-four, in 1916 sixty, in 1917 sixty-five, in 1918 seventy, in 1919 seventy-four, in 1920 seventy-seven and in 1921 eighty-one. Only four of the societies showed gross assets exceeding \$1,000,000 in 1921. Total assets of the eighty-nine millionaire societies, ac-

cording to the statistics, are \$540,663,924. Total cash resources of all the fraternal societies in the United States in 1921 were \$35,544,955. First ten millionaire fraternal societies as given in the compilation with assets as of January 1, 1923, are as follows:

Woodman of the World, Sovereign Camp \$56,419,078.00.
Independent Order of Foresters \$42,454,433.00.
Modern Woodman of America \$34,490,857.00.
Woman's Benefit Assn. of the Maccabees \$18,117,511.00.
The Maccabees \$17,129,509.00.
Knights of Columbus \$16,389,529.00.
Knights of Pythias, Insurance Dept. \$15,479,546.00.
Royal Arcanum \$14,550,303.00.
Royal Neighbors of America \$13,166,159.00.
Woodman Circle \$12,225,989.00.

"Steady growth in financial strength of the fraternal societies said Mr. Markey, 'is a result of the evolution of fraternal insurance from the pass-the-hat benefits to level reserves. The fact that eighty-nine societies possess nearly a half billion dollars is proof that the movement for adequate insurance rates has been successful.'"

ALASKA R. R. TERMINAL.
FAIRBANKS, Alaska (AP)—Construction of terminal facilities for the Alaska Railroad here is progressing rapidly with a large force of men at work. The improvements include passenger and freight depots, engine and oil houses, water tanks and other buildings, to cost in all between \$250,000 and \$300,000.

Mr. and Mrs. Albert Winkle of this city left Tuesday night for Los Angeles, Cal., where they will spend the winter.

EARLIER DAYS RECALLED

Dear Journal:—The article in the Journal regarding the location of the state university and the letter brought to light by Mr. Farrell, remind me vividly of those early days.

My mother, sister and myself landed in Jacksonville November 11, '64, armistice anniversary you see, and while waiting for our goods to arrive we were for a little while, guests at the Jacksonville State Hospital of which Dr. Andrew McFarland was the superintendent.

Dr. McFarland and my mother were reared a few rods from each other in Concord, New Hampshire. The doctor's father was one of the great theologians and citizens of New England. He entertained presidents, governors, senators and other great men and held his own with any of them.

There was in the hospital a patient named Kennicutt who I think was either a relative or intimate friend of Prof. Turner, and Mr. Kennicutt was, in a measure, a trusty. He was permitted to go where he chose and one day he went with me to call on Prof. Turner. How well I remember the enthusiastic old gentleman as he showed us his orange nursery occupying all the ground he owned west of his residence and now a part of the front yard of the State School for the Deaf, the lots occupied by the various residences between Turner home-stand and Webster avenue. The professor was voluble in his estimate of the value of the hedge plant.

"Why," said he, "Morgan county land used to be sold for five dollars an acre and now it is worth sixty or seventy, and may even go higher. We must feed cattle and hogs if we are going to succeed and they have to be fenced in, and the hedge is the solution of the question."

Yes, Morgan county land was worth sixty or seventy dollars an acre then. I remember a visit with John Milt Epler, owner of some choice Cass county prairie, and with pride he looked out on his domain and said it was worth seventy dollars an acre. I remarked that it seemed a little high and he said it did, but asked where one could go to do better and of course I couldn't answer but question.

Then was the time too that the dollar was worth hardly fifty cents so that our best land in 1864 and '5 was really selling for thirty or thirty-five dollars an acre. Some difference between that and the peak price a few years ago.

Then the professor said he was going to prove to us conclusively that he was the strongest man physically in the United States. "Do you see that tree?" said he, pointing to one about fifteen or sixteen inches in diameter. "Thirty years ago I carried that tree in one hand and a spade in the other several rods and planted it here. Now show me the man who can carry it back again."

Of course he had proven his case. Then the conversation turned to his favorite theme, the state agricultural university. Like Cyrus Field with ocean cable, Good-year with rubber, McCormick with reaper, Morse with telegraph, he could talk of nothing else with so much delight and earnestness.

"One of our greatest enterprises in this country is agriculture and why should it not have the best of attention? Why should not a farmer be educated in his work as well as the chemist in his, the railroad man in his and the mechanic in his? Simply because man knows enough to follow a plow and shovel corn to hogs, is no proof that he has learned all there is in his chosen vocation."

I want to see our farmers intelligent; study the nature of soils and their composition. Learning to diversify crops and keep up the fertility of land. Note the fires that light our horizon every fall when stalks are raked up and burned. That is a gross waste of material that should be used to make the land better. Our generous soil will not always hold out but sooner or later will show the effects of unintelligent cultivation and it is that which I hope to overcome."

He went on at length and it was interesting to see the zeal with which he entered into the subject. His untiring efforts bore fruit at last as is well known, and the present generation should never forget the debt of gratitude due the gentleman for his efforts in behalf of the university.

The question of location came up and he naturally made that secondary, only get it established. He felt sure that Jacksonville offered the best inducements for the college plant already here together with other financial inducements that the people could make would constitute this the most attractive location.

I suppose we must ever keep in mind the adage "Nothing of the dead but good," and not dwell on the inducements which led the commission to locate the institution at Urbana. I was immediately acquainted with the proceedings of those days and will simply remark that it was one of those deeds which show the frailty of human nature. The commission was supplied with spectacles which rendered their sight unable to see any inducements here. But I will not enlarge on this further. S. W. Nichols.

Truman Chalmers of Waverly was visiting his brother Lyle, in the city yesterday.

MRS. O'LEARY'S COW HEARD FROM AGAIN

Chicago Architect Has Talked With Celebrated Character—Has Penholder Made From Charred Wood of Historic Barn

CHICAGO—(By the A. P.)—On the desk of a well known Chicago architect lies a penholder, fashioned of a slender piece of charred wood, which 52 years ago tomorrow smoldered in the flames of the now famous O'Leary barn, where, many records say, started the disastrous fire of 1871 the anniversary of which is known as National Fire Prevention Day.

There are those who are skeptical of the cow, who, objecting to being milked at a late hour, with one kick directed at the lantern on the floor of the barn, caused approximately 98,500 people to lose their homes, and a property loss of \$169,000,000. However, when William W. Clay, the architect-owner of the historic penholder, then a youth of 22, arrived in Chicago several days after the fire, that story was heard.

"The 'cow' story fascinated me, and I determined to see if it could have been true, and to try to get a souvenir of the O'Leary barn," said Mr. Clay. "When I arrived at DeKoven Street, where the fire really started, I found that all that remained of the barn was a few rafters, part of a cow stall, and a charred piece of the barn door step, all nearly burned to a cinder. I carefully searched the spot where the barn stood, and after a long time, I found a small piece of wood, only charred on one side. This was undoubtedly a part of the barn door step. I also found another piece of wood to which was attached a metal stall ring."

Talks With Woman.
"I talked to Mrs. O'Leary and I learned what everyone else that knew, or thought they knew, that some friends had come in the evening of the day which is now known as Fire Prevention Day, and suggested that she make an oyster stew. Everything was prepared but it was found that there was no milk. At this point, I have found that an important part of the usual story is omitted. Mrs. O'Leary told me that the cow was not in the barn, because there was no O'Leary barn, but that she kept her cow in a barn on an adjoining lot. To me this is pertinent, because those who 'hoof' at the tale that the fire started in this way, point out that Mrs. O'Leary's house was not burned, and that the path of the fire laid in exactly the opposite direction, far away from her house. So, to me, the location of the barn, proves the authenticity of the story. I firmly believe that her souvenirs are historic, and the late Dr. Wickensham, then Commissioner of Health, and afterwards my dear friend, always bore me out in this."

Young Clay then had the piece of wood fashioned into a penholder, and it is always exhibited on the anniversary of the fire. He will take it to New York where it will be exhibited at the Fire Prevention Show at the 71st Regiment Armory until October 13, and it will be exhibited for the first time in Chicago at the Fourth Annual "Own Your Home" Exposition in the Coliseum here, the last week in March, where an entire section of the floor will be devoted to building materials of fire resisting qualities.

Work shoes \$1.98, dress shoes \$4.85. Hopper's.
Walter Hines of Alexander was among the business callers in the city yesterday.

FILIPINO LEGISLATORS RESUME NATIVE DRESS

MANILA. (By the A. P.)—Restoration of the colorful native "barong" as the attire of Filipino legislators, is proposed in a resolution submitted by Representative Rafael Villanueva in the House of Representatives. Heretofore native lawmakers have sported the approved American dress, but many believe it would be more patriotic to return to the original fashion of the Philippines.

The "barong" is a shirt-like garment, with a narrow neckband and takes the place of both shirt and coat. Worn outside the belt of the trousers, it gives Americans the impression that the wearer had dressed hastily and neglected to tuck his shirt into his trousers.

Representative Villanueva's resolution, recommending a boycott of foreign apparel, affects women's dress as well, and bans all evening gowns made of imported materials.

N. H. Welch of Decatur, Illinois representing the Minneapolis Threshing Machine Company, was a business caller in the city yesterday.

LATEST NEWS OF THE SPORTING WORLD

RUNE CLARK BACK WITH ILLINI TEAM

URBANA, Ill., Oct. 18.—Rune Clark, who kicked himself to fame and Illinois to victory over Wisconsin in the famous "dope" upset last year, is back with the Illini fighting an uphill battle for a job as a regular.

Rune has been laboring under a scholastic deficiency and was ineligible until this week. After burning midnight oil over his books he is now able to devote himself to getting into condition.

Although Zuppke could use another quarterback or so, it looks as if Zuppke desires him to be a sub back. The Carthage boy is a fair ground gainer and is likely to improve. It won't hurt a bit to have him available and it is even possible though not probable just now that he will be told to learn the signals and understudy Hall and Couthie.

The dope still is that Harry Hall will be back at quarter against Iowa although Zuppke has been nursing him this week. The Illini are keying up for the conference opener and Illinois field tangles with excitement.

While Zuppke drills his men the hammers of carpenters sound nearby. The old east stand is being taken down to be cut up and transported to the south end

of the Stadium to serve as temporary bleachers for 4,000 late birds who didn't order their tickets in time.

Although pasteboards are selling at a 1,000 a day clip, there are upwards of 8,000 good seats left and the temporary stand will add 4,000. A sellout is regarded as inevitable, however.

Elaborate parking arrangements to care for 14,000 cars are being worked out and a map will soon be issued.

INDEES PLAY AT WINCHESTER SUNDAY

If Old Jupe Pluv will get off the job long enough Frank Smith's Indees will try to duplicate their feat of last Sunday when they defeated the American Legion team of Winchester by the very close score of 4 to 3.

Howard Fryman will again be on the mound for the Indees and the Legionaires will again pin their faith on Fritz Smithson. As these games are given for the benefit of the American Legion Post of Winchester, and as both teams are capable of doing real baseball playing, the game will probably be well patronized provided the weather will permit the playing of the game.

Mrs. J. Steinmetz of Woodson was a caller in Jacksonville Thursday.

KANSAS CITY WINS GAME FROM ORIOLES

Game Ends 5 to 2—Both Pitchers Wild at Times on Account of Chilly Weather—Schupp Fans Ten.

KANSAS CITY, Mo., Oct. 18.—(By The A. P.)—Ferdie Schupp pitched Kansas City to a 5 to 2 victory over the Baltimore Orioles here today and gave his team a three to one lead in games in the inter-league contest. Both pitchers were wild at times, due to the cold northwest wind which, in spite of brilliant sunlight chilled the players and spectators but Schupp had better luck after his wildness than Groves who worked for Baltimore. Schupp struckout 10 men during the game and pitched shutout ball until the ninth when Baltimore made two runs.

Groves gave way to Ogden in the seventh after injuring a finger on his right hand during the sixth.

Kansas City's first runs came in the fourth when Good and Armstrong walked with none down. Scott and Brief fled out and Wright drove a long liner at Pitt in centerfield who misjudged it and the blow went for a triple, two runs scoring.

Wright scored on a wild pitch. In the sixth Armstrong singled and was sacrificed to second. A moment later he scored the Blues' fourth run on a single by Brief. Skiff scored Kansas City's last run in the seventh inning. After walking, he went to second on Ogden's wild pitch and started for third while Cobb was recovering the ball.

Cobb threw hurriedly and Skiff scored while Porter chased the ball into left field.

After Shedy had struckout with the bases full in the sixth Baltimore rallied again in the ninth and for a time threatened Kansas City's lead. Porter led off the inning with a single and went to second when Shedy was hit by a pitched ball.

Scott robbed Boley of a hit when he dived into the mud for Boley's long liner to right and Bishop contributed his third strike out to Schupp's string at this point. Cobb, who had struckout in three previous attempts drew a walk. With the bases loaded, Malsel who batted for Ogden sent a long double into center field scoring two men. The inning ended when Pitt fled to Brief. In addition to contending with the temperature the players were forced to overcome a very muddy outfield and several weak blows went for hits because the outfielders were unable to move with any speed. In spite of the disagreeable conditions the crowd approximated 9,000.

The teams probably will open in Baltimore Saturday. Kansas City with a two game lead holds a commanding advantage and on the records of the pitchers today is the better supplied with battery material for the reopening of the series than Baltimore. Zinn will probably work for Kansas City in the first eastern game his one hit game of last Saturday making him a logical choice, while Ogden who pitched two innings today looks like Manager Dunn's best choice. The teams will play in Baltimore until one has won five games.

BASKETBALL COACH ANNOUNCES PRELIMS

URBANA, Ill., Oct. 18.—Coach J. Craig Ruby announced today he has completed arrangements for five preliminary games, including one with Ames, Dec. 21, at the gym annex here prior to the regular opening of the conference basketball season. They are: DePauw, Dec. 12. Washington university, Dec. 15. Notre Dame, January 12. Butler, February 5.

Forward Pass After Crisscross Seldom Fails to Get Results

BY ROBERT C. ZUPPKE Football Coach, University of Illinois, Author of "Football Technique and Tactics"

This play can be used to advantage immediately after the crisscross, attacking the weak side. Play No. 5, of this series. This play is popular with many coaches and deservedly so because it has given great results. It is hardly necessary to explain that some of the best known plays are also the most successful. The fact that they are well known does not make them any easier to stop.

This play in the beginning should appear exactly like Play No. 5.

Two linemen on the right come back to protect the passer. The right end cuts to the right before cutting back into the field to receive the pass, or the pass may go to the fullback, who gets just ahead of the charging defense, or the passer may turn and throw to the quarter, who has continued on out to the right.

It may be well here to discuss the necessity of a signal to notify the receiver of a forward pass and other members of the team

of the direction he is to take. The thrower must know where to locate the receiver and the other men must know where to follow the ball and how to protect the thrower and also the play if the pass is intercepted.

There are two good methods of attempting to complete the forward pass play: in the first, the signal designates the approximate distance and direction of the receiver. The ball is thrown ahead and to the outside of the receiver at a moment when the thrower thinks the receiver can make a successful catch; in the second, the signal designates a limited zone toward which the receiver runs and in which he attempts to catch the ball. The thrower fixes his attention on that zone and may actually throw before he sees the receiver.

In the first method the ball is thrown to the man, in the second into a zone.

A screen pass from a punt formation will be Play No. 7. Our cycle of six plays has been completed. I propose to add four more plays, three of which will be forward passes.

GOLF HAD RECORD BREAKING SEASON

Old man par has about as much standing these days on a golf course as a rural worm in a wicked metropolitan aquarium.

The season now drawing to a festive close has been replete with record-breaking golf. More startling episodes have been written into the year's records than ever before in the history of the sport. Breaking 70 has been a simple trick for most of the top-notchers.

Back a matter of ten years or so, the player who shot in the low 80's was looked on as somewhat of a golfing genius. A player could have a sprinkling of sixes and sevens on his card and yet finish high up among the winners.

Why is the golf that is played today so markedly superior to golf of the recent past? Are the players that much better? Have the lively balls with their greater carrying power and trick clubs with slotted faces made scoring easier?

Unquestionably the players are a class better. More are playing the game and the competition is keener. Where the stars of Travis' days had two or three opponents capable of giving them an extended battle the field today is cluttered with championship class.

The long-carrying ball and trick clubs have doubtless helped to keep scores low. On the other hand, the courses of today are harder, more testing, and in the main, longer than the old courses. No course was ever more severely trapped than Inwood, where the open was played this year. Yet Jones, the winner; Kirkwood, Hutchinson, Smith and Hagen all managed to beat the Inwood par at intervals.

And Flossmoor was the longest course over which an American championship had ever been decided. The sweeping reaches of the Illinois beauty spot did not keep Marston, the winner; Jones Von Elm, Sweetser and Herron from cracking par at thrilling moments.

Possibly the chief reason why par has become less elusive is that the game is being played differently. More sensibly, perhaps a better way to put it. The sluggers are passing. A greater value is being placed on direction and position. What do it profit a man to drive a mile and wind up out of bounds? Vardon, greatest of all golfers, was an average driver. But he always had direction.

Practically all the stars have discarded the full swing off the tee in favor of the compact, three quarter swing. The reduced swing is easier to control, and thus makes for better direction.

It was interesting to watch Jesse Guilford, noted siege gunner, play at Flossmoor. Guilford had quit killing the ball and was using a shorter swing. Frequently he was outdriven, but

OWENS THINKS WELL OF WHITEHILL

By NEA Service

DETROIT—Umpire "Brick" Owens of the American League believes that in Whitehill, Detroit, has picked up a most promising southpaw. Owens worked the game in which Whitehill held the Yankees to one hit in six innings, a home run by Bob Meusel. He was relieved at this stage for a pinch hitter.

"Whitehill showed me the best curve ball that I have seen in years," remarked Owens after the game.

"It was fast and took a sharp break at the last possible moment. Twice he had Ruth flat-footed. Each time the Babe, thinking the pitch was a fast ball that would be inside, looked it over, only to have the ball break squarely through the heart of the plate for a perfect strike."

"Any left-hander with a curve ball like the one Whitehill showed me won't have any trouble delivering in the American League, unless the game he worked that day was a mere flash."

Whitehill followed his New York performance with a 3 to 0 shutout over Cleveland in the all-important game of the crucial series for second place. He allowed only two hits, all of which makes the opinion of Umpire Owens more convincing.

Later Whitehill went against the White Sox and again pitched the Cobblers to a splendid victory. The former Birmingham left-hander looks like a real find.

NO WONDER PAL QUIT THE GAME

Chicago.—The solution of the mystery of the disappearance of Pal Moore, crack bantamweight batter, was found the other day when an old friend came across the punch artist in a broker's office intently scanning the quotation board.

It develops that Moore has renounced the fight game for high finance and the report is the erstwhile battler is now wealthy.

Moore is said to hold 1200 shares of stock in a popular local taxicab enterprise. The present quotation on that stock is 26 1/2 a share. And this is said to represent but one of Moore's many investments.

Miss Helen Mathis returned Wednesday night from St. Louis where she has been visiting friends for the past three weeks.

rarely was he in trouble, and, though beaten, he scored well throughout the tournament.

Guilford is no longer known as the game's longest driver, and he assures you he is glad he has lost the distinction.

We asked him why he quit hammering the ball off the tee. "Because it's easier to play a second shot off the fairway than out of the rough," he answered.

NEWS FROM BIG TEN TRAINING CAMPS

CHICAGO, Oct. 18.—Big Ten football game teams held their last active drills today for games on Saturday, in which eight of the teams will face Western Conference opponents and two will meet non-conference eleven. Radical changes in line-up and playing tactics were anticipated in a number of camps. Tomorrow the teams will taper off with light drills and scrimmages or will be on their way to the scenes of Saturday's contests.

Ohio State, which meets Michigan at Ann Arbor, was a cause of worry to Coach Wiley after the freshmen carried the ball across the varsity goal line in eight plays from the 40 yard line. The yearlings were using Michigan plays and the Michigan aerial attack with which the Buckeyes believe the Wolverines will try to gain grounds. Hoge Workman was not in the varsity line-up but will be in it for Saturdays contest. At the close of the practice Coach Wiley indicated that a change in the line-up will be made.

Illinois has already had its last hard practice for the Iowa game and will leave for Iowa City tonight. Coach Zuppke indicated that final practice work at Urbana and Iowa City will be devoted to strengthening offensive tactics.

Northwestern is bending all its efforts toward its goal, a victory over Chicago. Barred gates and an air of mystery surround all the actions of Coach Thistlewaite's men. Sam Taylor, negro end who was injured in scrimmage, will be in Saturday's game and this will strengthen the line considerably.

Chicago which is given a large edge on the Northwestern team by many football fans is sparing no efforts in preparing for the contest, for Northwestern in the past has kicked over all the "dope buckets" of the Western Conference in just such a game as it will enter Saturday.

Indiana and Wisconsin, two teams very evenly matched, will meet at Indianapolis in the other conference game of the day. In the non-conference clashes, Purdue and Wabash meet at LaFayette and Minnesota and North Dakota university meet at Minneapolis, the conference teams ruling the favorites in each instance.

IOWA'S STAR QUARTER WILL PLAY SATURDAY

IOWA CITY, Oct. 18.—A long but light practice on Iowa field. Coach Howard Jones completed the drill of the Hawkeye team preparatory to meeting Illinois here Saturday. A ray of hope came into the Iowa camp when Leland Parkin, star quarterback last year, worked out during practice the entire practice and seemed rapidly coming into shape, after being handicapped all season by minor injuries.

The Illinois team is expected early tomorrow morning and Illinois athletic authorities have asked to use Iowa field for practice tomorrow afternoon and also Saturday morning. The request will, of course, be granted.

The field is soft following continued rains for several days, but the sod is in good condition and the field will not be slippery Saturday. Fry or Parkin will start at quarterback and the remainder of the team will be the same as last Saturday.

COACH BOB ZUPPKE TAKES MEN TO IOWA

URBANA, Ill., Oct. 18.—Coach Bob Zuppke and his football squad of 29 players left tonight for Iowa City, where Saturday afternoon they will contest for honors on the gridiron with the University of that state. Quite a number of alumni are making the journey to Iowa, but it is expected there will be considerably fewer than had been expected, owing to recent heavy rains and resulting muddy roads thruout the two states.

About a thousand students and football enthusiasts, headed by a University of Illinois band, escorted the squad to the station where they entrained at 6:15 o'clock this evening and are expected to reach the Iowa City early tomorrow morning.

Arley Cooper of Roodhouse was in the city on business yesterday.

NOTICE OF FINAL SETTLEMENT

In the matter of the Estate of Lydia A. Nifong, deceased.

Notice is hereby given that I, the undersigned, administrator of the estate of Lydia A. Nifong, deceased, have caused my final report and account as such administrator to be placed on file in the office of the Clerk of the County Court of Morgan County, Illinois, and that I shall apply to said court on Monday, the 5th day of November A. D. 1923, at 9 o'clock A. M. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

OTTO F. BUFPE, Administrator.

MY OWN WILL RACE IF ZEY IS UNFIT

WASHINGTON, Oct. 18. (By The A. P.)—Rear Admiral Carey T. Grayson's My Own will be shipped tomorrow morning to the Belmont Park track where Zev and Papyrus are scheduled to race Saturday according to word received here from Laurel, where the colt is now quartered. My Own has been selected to race Papyrus in the event Zev is considered unfit to compete.

Admiral Grayson announced his intention of transferring his colt to the New York track, the message said after he had a telephone conversation with August Belmont, one of those arranging for Saturday's international race.

New York, Oct. 18.—August Belmont, chairman of the Jockey club declared this afternoon that the shipment of My Own to Belmont Park did not mean that Zev would be withdrawn from the international match race Saturday. He explained that Rear Admiral Carey T. Grayson's colt would be ready to substitute for the Rancocas star in accordance with the selection of My Own as the first alternate.

PALMER HUNT NOT TO PLAY SATURDAY

Palmer Hunt, fast veteran quarterback and captain of the local high school eleven, is ill at his home on East College avenue, and will not be able to enter Saturday's game against Peoria Central. He has been ill since the first of the week, and physicians say he is threatened with pneumonia. Hunt contracted a severe cold Saturday and will probably be confined to his bed for some time.

It will be remembered that Hunt became ill last year just before the game with Springfield, and was unable to play again during the season.

YOUNG STRIBLING BEATS CHOYNSKI

Macon, Ga., Oct. 18.—W. L. ("Young") Stribling knocked out Steve Choynski, of Milwaukee, in the fifth round of their scheduled ten round fight here tonight.

EDDIE COLLINS MAY MANAGE WHITE SOX

CHICAGO, Oct. 18.—Eddie Collins, captain and second baseman of the Chicago White Sox, probably will be selected to succeed "Kid" Gleason as manager of the club, it was reported in baseball circles tonight, altho President Comiskey of the Sox would not confirm or deny the report. Comiskey said no announcement of Gleason's successor probably would be made until after the annual meeting of the American League to be held here in December.

Collins, who has been groomed for a managerial position, has been with the Sox for ten seasons and on numerous occasions directed the club with success, during Gleason's absence. Collins, at one time, was under consideration as manager of the New York Yankees, but trades involving his transfer to the Yankees fell thru.

MILLINERY STORE AT
CHANDLERVILLE SOLD

Chandlerville, Oct. 18.—Miss Anna
Cromlich who has been conducting a
millinery shop here for several years,
sold out her stock and fixtures to
Miss Addie Pratt Monday and retired
from business. Miss Cromlich has
been in poor health for some time
and intends to take a much needed
rest before taking up some other line
of work. Mrs. Leila Dyson, the
efficient clerk who has been assisting
Miss Cromlich in her store will work
for Miss Pratt.

P. W. Horrom who has been in
poor health for some time was taken
to Jacksonville Tuesday evening for
treatment.

At the meeting of the County Com-
missioners in Virginia this week,
James W. Armstrong was appointed
commissioner of road district No. 2,
to fill the position made vacant by
the resignation of Angus Taylor,
who moved to Urbana, Ill. Mr. Arm-
strong began his new duties this
week. Being well acquainted with
road work, we feel that the commis-
sioner's selection will meet with the
heartly approval of the people of this
county.

The rally day services at the Chris-
tian church all day Sunday proved a
most enjoyable one and there were
almost two hundred present. At the
noon hour a most appetizing basket
dinner was served in the church base-
ment. It is the intention of the pas-
tor and members of the church and
Sunday school to make this date an
annual affair of the church.

Wednesday afternoon the Civics
class of the high school, in company
with their teacher, Miss Misen-
himer, attended the circuit court at
Virginia while court was in session
for the purpose of learning the man-
ner in which the court was con-
ducted. There are seventeen mem-
bers in this class.

Frank Stuber and Harry Snell are
rebuilding and enlarging the bakery
open at Horrom Bros. Bakery. The
interior of the building will be
repaired and painted also. During
the remodeling of the bakery, Guy
Daniels is working in the Ted Kin-
sley bakery at Beardstown, who is
supplying the boys with their bak-
ery goods until their oven is com-
pleted.

Market Report

By The
Associated
Press

STOCK PRICES DROP
TO NEW LOW LEVELS

FINANCIAL
Total stock sales 453,200
shares.
Twenty industrials averaged
\$7.46; net loss .04.
High 1923: 105.38; low
80.92.
Twenty railroads averaged
\$11.16; net unchanged.
High 1923: 99.51; low
79.93.

NEW YORK, Oct. 18.—Specu-
lative interest in today's stock
market was at low ebb with the
general list closing slightly lower
after a day of backing and filling
movements.

Several new low records for the
year were established during the
session particularly by the time
stocks, selling of which was in-
fluenced by further cuts in tire
prices and the passing of the div-
idend on Lee Rubber, which closed
2 1/2 points lower at 11 1/4. Addi-
tional reductions in gasoline
prices were offset in part by re-
ports of another reduction in
crude production.

Persistent rumors of new fi-
nancing by the Pan-American
company however, had a depres-
sing effect on its issues.
National Enameling broke five
points to a new 1923 low in re-
flection of speculative fear over
the safety of the dividend while
Famous Players broke below 67
on reports of poor earnings and
prospects.

Road shares held fairly
steady until just before the close
when the Northwestern carriers
had another sinking spell notwith-
standing the Interstate Commerce
Commission's statement that low-
er rates on grains from primary
points should be compensated by
increasing rates in other com-
modities or by reduced operating ex-
penses.

Little interest was displayed in
U. S. government bonds which re-
mained practically stationary. Total
bond sales (par value) \$7-
133,000.

CHICAGO LIVESTOCK
CHICAGO, Oct. 18.—Cattle 18-
000. Fed steers and yearlings
slow; uneven; mostly 15 to 25c
lower; values now back to last
week's low time; many unsold;
top matured steers 12.25;

Calves steady; vealers 8.00 to
12.50.
Sheep 200; sheep steady; 3.00
to 6.00; lambs 7.00 to 11.25.

NEW YORK STOCKS

UNIVERSAL STOVE SHOW

Tomorrow is the last Day!

Positively Closes at 9 P. M. Saturday!

Don't Fail to Take Advantage of it!

This exhibit, conducted by the stove experts from Cribben & Sexton Company, Chicago, has been a grand success. It has enabled many women to procure one of the beautiful, new Universal Gas Ranges, and has taught them how hitherto impossible baking, broiling and roasting is now accomplished. Come in and see for yourself. But you must act quickly. Tomorrow is the last day. See the Mercury

Thermometer, the Universal Safety Gas Economizer, the Aluminum Fused Rust-Proof Oven Linings, Large-Size Sanitary Cooking Top, Flush Front, Top and Sides, Streamline Body and Period Design Legs. Remember, tomorrow is your last chance. You may never have such an opportunity again.

\$5.00 DEPOSIT

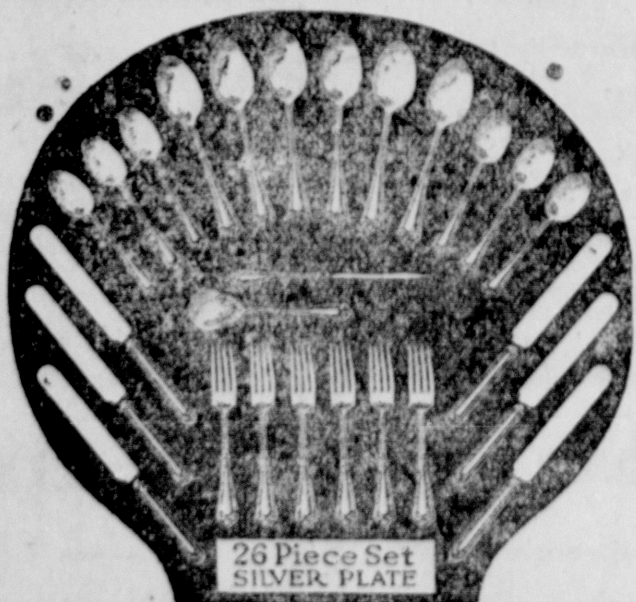

\$5.00 cash will hold any Universal Gas Range you may select for future delivery and entitles you to all special inducements of this exhibit.

YOUR OLD STOVE TAKEN IN EXCHANGE

During this exhibit of Universal Gas Ranges we'll take in your wasteful, broken-down, old coal or gas range, and on the strength of it make you an especially liberal allowance on your new purchase. Make your own terms on balance. An opportunity. Grasp it. Come in tomorrow.

FREE! Set of Rogers SILVERWARE FREE!

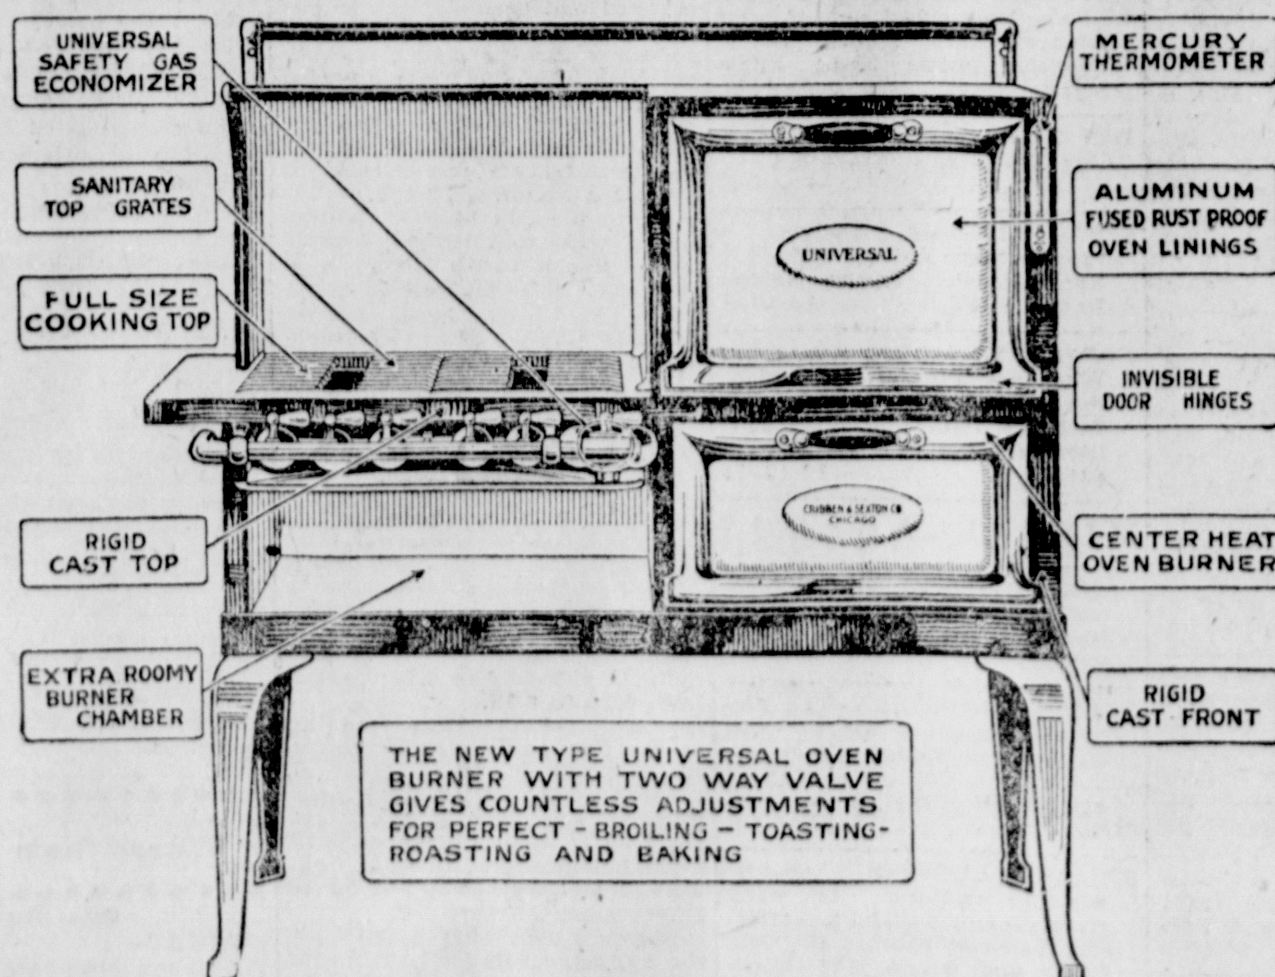

During This Demonstration Only!

With every Universal Gas Range purchased during this demonstration we will include without charge this beautiful 26-piece set of Rogers Oak Grey design guaranteed silverware. This set of silverware carries an unlimited guarantee from the makers, William Rogers & Sons.

Don't Miss This Opportunity!

UNIVERSAL GAS RANGE

The New and Finer Gas Range

Come in and see this remarkable range which makes your work easier and your kitchen hours happier. Let the stove experts show you the Universal Safety Gas Economizer which gives you baking heat in five minutes and then will keep your oven to a baking temperature indefinitely with just 1-3 of the gas consumption. Cuts your fuel bills way down. See the New Mercury Thermometer which registers heat to a fraction of a degree. It is inset in front of range to make it easy to read and to make baking and roasting easier.

Gives plenty of room for cooking vessels. Note the sanitary gas grates shown above. All rounding corners. No grill work. Easy to keep clean. Top burners can't sag. Easily lifted out for cleaning.

Aluminum Fused, Rust Proof Oven Linings

These linings must not be confused with ordinary aluminum painted linings. This is a patented process whereby the base metal is dipped into a hot molt of pure aluminum and copper at 1,500 degrees, filling the pores with this pure aluminum and copper alloy and fusing it into the metal. This process renders the linings rust-proof, and this Aluminum-Copper coating will never melt or peel.
